Introducing the UTHealth School of Public Health

Certificate in Healthcare Management

The Certificate in Healthcare Management prepares students to meet the challenges of the modern healthcare workplace. The five-course program offered by the George McMillan Fleming Center for Healthcare Management provides rigorous training in healthcare management paired with a one-of-a-kind focus on population health.

**Led by experts in healthcare management**

Diverse faculty includes researchers, consultants, former executives and current administrators of major healthcare organizations.

**Program at a Glance**

- 5 courses/certificate (non-degree) program
- In-person classes available at Houston campus and via ITV across other UTHealth School of Public Health campuses
- Most courses taught in evening hours
- Designed to be completed in one year
- $1,000 per course/$5,000 certificate *(approximate cost for Texas residents)*
