Fall 2005-Summer 2007

Core Requirements for M.P.H. Students

The following courses satisfy the M.P.H. core public health requirement. Where more than one course is listed, the student is expected to choose one of the options listed.

Biostatistics

PH 1610 Introduction to Biostatistics
PH 1725 Intermediate Biostatistics I (regularly offered at the Houston campus only)
PH 1726 Intermediate Biostatistics II (regularly offered at the Houston campus only)

*PH 1725 and PH 1726 must be taken in a sequence; one course alone does not satisfy the core requirement. PH 1725 and PH 1726 are required core courses for M.P.H. majors in the Biostatistics Division.*

Environmental and Occupational Health Sciences

PH 2110 Overview of Environmental Health
PH 2115 Introduction to Population and Environmental Assessment
PH 2120 Man’s Impact on the Environment

Epidemiology and Disease Control

PH 2610 Introduction to Epidemiology

Health Promotion and Behavioral Sciences

PH 1110 Social and Behavioral Aspects of Community Health
PH 1111 Health Promotion Theory and Methods I
PH 1112 Health Promotion Theory and Methods II
PH 1111 and PH 1112 must be taken as a sequence; one course alone will not satisfy the core requirement. PH 1111 and PH 1112 are required for M.P.H. majors in the Health Promotion and Behavioral Sciences Division.

Management, Policy and Community Health

PH 3710 Administration and Public Health
PH 3715 Introduction to Management and Policy Sciences
PH 3720 Principles and Practice of Public Health
PH 3725 Health and Safety Program Management
PH 3740 Community-Based Health Assessment
PH 3922 Economic and Social Determinants of Health
