

A Special Conference on Biostatistics in the New Era of Data-Driven Sciences

Celebrating the 55th Anniversary of The Department of Biostatistics and Data Science

The University of Texas Health Science Center at Houston School of Public Health

November 15-16, 2024

Houston, Texas

About the Conference

With the first class admitted in 1969, the Department of Biostatistics and Data Science at UTHealth Houston School of Public Health is celebrating its 55th Anniversary. For this special milestone in the history of the Department, the conference is organized to invite researchers and alumni in the United States and around the World to come to give talks and discuss problems, share results, identify emerging issues, and establish academic collaboration on Biostatistics and Data Science in the new era of data-driven sciences.

The conference will be held in the home building of the School of Public Health at UTHealth Houston, where many generations of our students have been studying. This is also a home-coming event for our alumni who are a pride of the Department for their successes and achievements.

Organizing Committee

Samiran Ghosh (Chair)
Hulin Wu
