

September 16 2025, Submitter Forum*

ATTENDEES	
<ul style="list-style-type: none">Lee Spangler, Executive Director	<ul style="list-style-type: none">Devin York, Senior Project Manager
<ul style="list-style-type: none">Joseph Harrison, Data Process Manager	<ul style="list-style-type: none">Jodie Nassar, Data Operations Manager

AGENDA
<ul style="list-style-type: none">2026 RegistrationMember Insurance/Product Category Code (MIPCC)Rule TypesSubmission Failure – What to Do?

DISCUSSION TOPICS – Q&A**General****1. General comments from the Center:**

The Center thanks everyone for participating in this submitter forum. The answers provided here are our best understanding of the questions submitted. As always, something may get lost in translation. If there needs to be further clarification on any question, please submit a ticket and we can start that dialogue.

Some questions may have been repeated from the last Q&A as they are still pertinent.

Registration**2. I am a new submitter, where should I go to find information on the entire submission process?**

Please visit <https://go.uth.edu/txapcd>, under the Texas All-Payor Claims Database menu, select Submitter Registration & Info. Download and review the Data Submission Guide, Technical Guide, and Common Data Layout. For any further questions on generating a submission account or how to submit a ticket, please contact us via the general mailbox: txapcd@uth.tmc.edu.

* Some questions submitted have been edited for clarity.

3. Please clarify who needs to register each year. Is it the end user or the organization?

According to §21.5404 (b) Payors or their designees must register with the Center each year to submit data, consistent with the instructions and procedures contained in the submission guide. Payors must communicate any changes to registration information by contacting the Center within 30 days using the contact information provided in the submission guide.

Registration is at the payor (organization) level.

CDL File Submission:

4. What is the timeframe to get a response for test files?

For stage one test files (those with a T prefix), you should get that back within two hours. For stage two, expect two to five days. If you haven't received a response, please open a ticket and we can research any issues.

5. For TXME1029 plan/marketing name, where do we get that value?

The TX-APCD expects the name the carrier is using to market/advertise the plan; how they differentiate the plan to the customer. These plan names may be short marketing names or something longer and descriptive, it is carrier specific.

6. Member Insurance/Product Category Code (MIPCC) threshold is 90%, but TXME1029 (Plan Name) is required at 100% only for commercial and dental; should we expect changes in these threshold values in CDL v3.0.2?

While these fields are aligned, they are slightly different in how they are generated. For Plan Name, every member is enrolled in a plan and that is easy to derive. The MIPCC may not be as easily derived in every case, which is why that threshold is lower. The thresholds won't change.

Miscellaneous

7. As a future enhancement, please add the data element ID to the validation reports.

Thank you for this suggestion and we will consider it. Please communicate these suggestions to the TX-APCD, we appreciate opportunities to find ways to reduce frustration.

8. Can we get a copy of the slides?

Yes, the slides will be posted at <https://go.uth.edu/txapcd> – (Texas All-Payor Claims Database – Submitter Registration & Info).
