

TAKE CARE, TEXAS
GET TESTED TO
KEEP TEXAS OPEN.

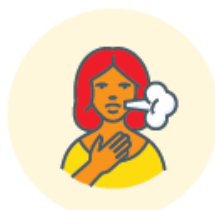

WHEN TO GET TESTED

even if you're fully vaccinated

If you feel sick or have any COVID-19 symptoms

If you have been around someone with COVID-19

After spending time in a large crowd or enclosed space without a mask

When requested by your school, workplace, healthcare provider, or local government

HELP STOP THE SPREAD

You can spread COVID-19 to your loved ones, even if you're vaccinated or feel fine

Get vaccinated as soon as possible, even if you've already had COVID-19

Wear a mask in public and social distance when possible

Get tested before and after traveling for the holidays

More than 98 percent of people who are hospitalized or die from COVID-19 are unvaccinated
