If you feel sick or have any COVID-19 symptoms
If you have been around someone with COVID-19
After spending time in a large crowd or enclosed space without a mask
When requested by your school, workplace, healthcare provider, or local government

GET TESTED TO KEEP TEXAS OPEN.

WHEN TO GET TESTED
even if you're fully vaccinated

HELP STOP THE SPREAD
You can spread COVID-19 to your loved ones, even if you're vaccinated or feel fine

Get your vaccine and booster as soon as possible, even if you've had COVID-19
Wear a mask in public and social distance when possible
Go to a COVID-19 testing site or take a self-test when needed
Unvaccinated COVID-19 patients have a greater risk of hospitalization and death

Based on CDC guidelines from 12/1/2021
