

## ADRIANA PEREZ, MS, PHD

### University of Texas Health Science Center at Houston

School of Public Health, Department of Biostatistics and Data Science. Austin Campus. 1616 Guadalupe Street, Austin, Texas, 78701

Phone: (512)-391-2524  
Fax: (512)-482-6185  
Adriana.perez@uth.tmc.edu

### PROFESSIONAL EXPERIENCE

- Professor**      **University of Texas Health Science Center at Houston**      **Austin, TX**  
Sep 2018 until now Teaching graduate courses for Master and doctoral programs in Biostatistics and Public Health. Participates in methodological and collaborative research as well as service at different professional levels.
- Associate Professor**      **University of Texas Health Science Center at Houston**      **Austin, TX**  
July 2009 to August 2018. Associate Professor with tenure;
- Associate Professor**      **University of Louisville Health Science Center**      **Louisville, USA**  
485 Grey St, Louisville, KY 40292 School of Public Health and Information Sciences. Department of Biostatistics and Bioinformatics. November 2007 to June 2009. Teaching master and doctoral graduate courses programs in Biostatistics as well as public health. Biostatistical support from study design, to statistical analysis, and dissemination of results. Full time.
- Assistant Professor**      **University of Texas Health Science Center at Houston.**      **Brownsville, USA**  
80 Fort Brown, Brownsville, TX 78526. School of Public of Health. Division of Biostatistics. October 2001 to Nov 2007. Teaching graduate courses for master and doctoral graduate programs, collaboration with faculty at the University of Texas at Brownsville. Development of methodological and collaborative research as well as professional service at local, regional, state, national and international levels.
- Associate Professor**      **Pontificia Universidad Javeriana**      **Bogotá, Colombia**  
Cra 7 # 40-62 Santa Fe de Bogotá. Colombia Hospital Universitario San Ignacio. Piso 2. Ala Sur. School of Medicine. Clinical Epidemiology and Biostatistics Unit. August 1992 to September 2003. Teaching graduate level courses for the Master of Clinical Epidemiology and undergraduate level courses for medical students. Bio statistical support for different projects in collaboration or in Biostatistics.
- Assistant Professor**      **National University of Colombia**      **Bogotá, Colombia**  
Ciudad Universitaria, Bogotá. Colombia Department of Statistics, School of Sciences. December 1996- August 2001. Faculty: teaching, administration and supervision activities. I taught undergraduate level students in Statistics and graduate & specialization courses for the master in Statistics. Administration aspects included the admission process and coordination of doctoral students in Statistics. Part-time.
- Instructor**      **Louisiana State University Medical Center (LSUMC)**      **New Orleans, USA**  
LSUMC. 1901 Perdido Street. LA 70112. U.S.A. Department of Pathology. Section of Epidemiology. September 1993-May 1995. Project manager for large clinical trial on stomach cancer in Colombia titled "A chemoprevention trial among persons at high risk of stomach cancer in the Andes Mountains of Colombia". Consultant for statistical procedures in research on stomach cancer and lifestyle/genetic factors. Consultant with other LSUMC faculty regarding experimental design and statistical analyses. Full time.

**Statistician**      **National Administrative Department of Statistics**      Bogotá, Colombia  
This institution is equivalent to the Census Bureau in the US. January 1991- July 1992. I participated as a statistician in several national projects related with poverty and health in Colombia.

## EDUCATION

**Ph.D.**      Biostatistics, New Orleans, Tulane University, 1995  
**M.Sc.**      Biostatistics, New Orleans, Tulane University, 1994  
**B.Sc.**      Statistics, Bogotá, National University of Colombia, 1991

## CONTINUING EDUCATION

**August/2019**      **American Management Association. Leading with Emotional Intelligence. San Francisco, CA. August 19-21. Seminar# 1294E36CDY**

**August /2019**      **ICPSR Summer Program from The inter-university consortium for political social research summer program in quantitative methods of social research:** course: Secondary analysis of data from the population assessment of Tobacco and Health (PATH) Study Wave 1 to 4. Ann Arbor, MI (August 10-12/2019).

**August /2017**      **ICPSR Summer Program from The inter-university consortium for political social research summer program in quantitative methods of social research:** course: Secondary analysis of data from the population assessment of Tobacco and Health (PATH) Study Wave 1 and 2. Ann Arbor, MI (August 9-11/2017).

**July/2017**      **MD Anderson. Pragmatic Clinical Trials: A Hands On Workshop. Houston, TX July 14/2017.**

**August /2016**      **ICPSR Summer Program from The inter-university consortium for political social research summer program in quantitative methods of social research:** course: Secondary analysis of data from the population assessment of Tobacco and Health (PATH) Study. Ann Arbor, MI (August 3-5/2016).

**July, 2010**      **The 2010 IUPLR Summer Research Workshop.** Continuing education course: Applied Methodologies for Reducing Obesity in Latino Communities. University of Notre Dame (July 26-28, 2010).

**August, 2009**      **Joint the American Statistical Association Meeting 2009.** Continuing education course in Missing data in longitudinal studies: strategies for Bayesian modeling and sensitivity analyses, Washington, DC. USA.

**Jan, 2009**      **Delphi Center for Teaching and Learning,** University of Louisville. Continuing education course in Current Brain Research about Learning. Louisville, KY, USA.

**Nov, 2008**      **Delphi Center for Teaching and Learning,** University of Louisville. Continuing education course integrity System and Podcasting Basics. Louisville, KY, USA.

**Oct, 2008**      **CDART Workshop on Statistical Methods in Drug Abuse and Health-Related Research,** University of Kentucky, Lexington, KY.USA.

**Sep, 2008**      **FDA annual conference.** Continuing education course in Monitoring of clinical Trials, Washington, DC. USA.

**Sep, 2008**      **Delphi Center for Teaching and Learning,** University of Louisville. Continuing education course in iTunes University. Louisville, KY, USA.

**Aug, 2008**      **Delphi Center for Teaching and Learning,** University of Louisville. Continuing education course in Incorporating Digital Media into Your Curriculum, Louisville, KY, USA.

**Mar, 2008**      **Eastern North American Region (ENAR) International Biometry Society,** Continuing education course in Measurement Error Models, Washington, DC. USA.

## CONTINUING EDUCATION (Continuation)

- Jan, 2008** **Delphi Center for Teaching and Learning**, University of Louisville. Continuing education course in Improving Your Online Course Using the Quality Matters Rubric, Louisville, KY, USA.
- July, 2007** **Joint the American Statistical Association Meeting 2007**. Continuing education course in Multiple Comparisons and Multiple Tests, Salt Lake City, UT. USA.
- July, 2007** **Joint the American Statistical Association Meeting 2007**. Continuing education course in Monitoring Clinical Trials: A unified approach, Salt Lake City, UT. USA.
- Oct, 2006** **The University of Texas Health Science Center at Houston**. Continuing education course in Health and Bio-safety Training course, Brownsville, TX. USA.
- Aug, 2006** **Joint the American Statistical Association Meeting 2006**. Continuing education course in Models for Discrete Repeated Measures, Seattle, WA. USA.
- Aug, 2005** **Joint the American Statistical Association Meeting 2005**. Continuing education course in Practical Meta-Analysis. Minneapolis, MN, USA.
- Feb, 2005** **The University of Alabama at Birmingham**. Annual Meeting of the Southern Society for Clinical Investigation (SSCI). Two-day short course in "Frontiers in Statistical Genetics" for NIAMS Researchers, New Orleans, LA February 23-24, 2005.
- Aug, 2004** **Joint the American Statistical Association Meeting 2004**. Continuing education course in GLMM and GEE Methods for Correlated Data in S-Plus. Toronto, ON, Canada.
- Aug, 2002** **Joint the American Statistical Association Meeting 2002**. Continuing education course in Applied Spatial Statistics. New York, NY, USA.
- July 2002** **The University of Texas Health Science Center at Houston**. School of Public Health. Summer Faculty Teaching Institute. Student-Centered Learning. Houston, TX, USA.
- Jul, 2000** **International Biometrics Conference**. Continuing Education courses in "Group Sequential Design and Interim Monitoring of Clinical Trials, Statistical Methodology and Computation" and Analysis of Data from Longitudinal Studies- Current Topics". San Francisco, CA, USA.
- Mar, 2000** **University of North Carolina at Chapel Hill and the Christian Medical College**. Workshop on Multicenter Studies. Vellore. India.
- Mar, 1999** **INCLEN XVI**. Continuing Education course in "Imputation Procedures for Missing Data". Bangkok Thailand.
- Sep 1998** **American Statistical Association**. Continuing education course in Multiple Imputation for Missing Data. Alexandria, VA, USA.
- Jul 1998** **13<sup>th</sup> International Workshop on Statistical Modeling**. Continuing education workshop on statistical modeling. New Orleans, LA, USA.
- Jan, 1997** **Pontificia Universidad Javeriana**. Continuing Education Course: Principles and Applications of Continuous Quality Improvement. Bogotá, Colombia.
- Dec, 1996** **Universidad Nacional de Colombia**. Continuing Education Course: Collection and analysis of longitudinal data. Bogotá, Colombia.
- Jul, 1996** **Free University**. Continuing Education Course: Sample Size Determination in Efficacy and Equivalence Trials. Amsterdam, The Netherlands
- Nov, 1995** **Pontificia Universidad Javeriana and University of North Carolina at Chapel Hill**. Continuing Education course: Study Conduct Methods. Bogotá, Colombia.

## HONORS AND AWARDS INFORMATION

- 2020 (September) American Statistical Association (Amstat News) recognized for the Hispanic heritage month. USA.
- 2020 (May) Crystal Quill Award, School of Public Health, The University of Texas Health Science Center at Houston, Austin, USA
- 2019 National Institute of Health. Center for scientific review. Aging Systems and Geriatrics (ASG) Study Section. Review panel member. Washington, DC.
- 2019-2025 National Institute of Health. Center for scientific review. Permanent member Aging Systems and Geriatrics (Study Section).
- 2011-2017 National Institute of Health. Center for scientific review. Permanent member Musculoskeletal Rehabilitation Sciences Study Section.
- 2016 (December) Crystal Quill Award, School of Public Health, The University of Texas Health Science Center at Houston, Austin, USA
- 2015, (August). In appreciation for service as mentor within “The new investigator development program”, The University of Texas Health Science Center at Houston, Houston, USA
- 2012 (January) Crystal Quill Award, School of Public Health, The University of Texas Health Science Center at Houston, Austin, USA
- 2012 Biostatistics team for PH1690 and PH1700. Nominated to Annual Award for Excellence in Teaching. The University of Texas Health Science Center at Houston, School of Public Health.
- 2010 Nominated to be elected as member of the Regional Committee (RECOM) at the Eastern North American Region (ENAR) of the International Biometric Society. Atlanta, November 2010.
- 2009 (December) Crystal Quill Award, School of Public Health, The University of Texas Health Science Center at Houston, Austin, USA
- 2007 Nominated to the John P. McGovern Award for Outstanding Teaching. The University of Texas Health Science Center at Houston, School of Public Health. Division of Biostatistics.
- 2007 Rio Grande Valley. Science and Engineering Fair, certificate of appreciation from this organization in recognition of valuable contributions to the success of the Rio Grande valley regional science and engineering fair. Brownsville, TX.
- 2005 “Young Investigators Appreciation Luncheon” honoring the research achievements of the university’s junior’s faculty. Houston, TX. Honor given by the University of Texas Health Science Center at Houston. Available information at: <http://www.uthouston.edu/distinctions/archive/2005/November/missing.html>
- 2005 The University of Texas at Brownsville and Texas Southmost College, certificate of appreciation from this organization for mentoring students presentations of research at the 7<sup>th</sup> Annual research symposium. Brownsville, TX.
- 2005 Healthy Community of Brownsville, certificate of appreciation from this organization in recognition and deep appreciation for ongoing volunteer efforts and commitment to our community. Brownsville, TX.
- 2002 Friends of public health award. Texas Department of Health, Public Health Region 11, for untiring efforts and commitment to Public Health
- 2000, Conference Award Scientist, International Society for Clinical Biostatistics
- 1999, Medicine National Academic Award, Colombian National Academy of Medicine. First place on clinical area. Award given by project “Evaluation of Intensive Care in Colombia”.
- 1996-1997, Young Researcher, Colciencias, Colombia.
- 1994, Abbott Award for Best Abstract in Epidemiology, Meeting of the European Helicobacter pylori Study Group. Abstract # 73. Houston, TX

- 1993-1994, Scholarship, Tulane University
- 1992, Colfuturo Scholarship-Loan award
- 1992-1993, Best Statistician Student, Department of Mathematics and Statistics, National University of Colombia. Graduation with distinction in Statistics.

## **PROFESSIONAL ACTIVITIES**

### **Society membership**

- American Statistical Association since 1992
- International Biometric Society since 1996
- International Clinical Epidemiology Network from 1992-2001
- International Society of Clinical Biostatistics from 1996-2002

### **Society leadership & service**

- Sep 21, 2019 Organization of StatFest 2019 at the University of Texas Health Science Center at Houston. American Statistical Association for the Committee on Minorities in Statistics and Department of Biostatistics and Data Science. Houston and Austin.
- Oct 19/1018. Recruitment of undergraduate students to foster diversity in Biostatistics at The University of Texas Rio Grande Valley. Edinburg, Texas.
- Sep 22/1018. Recruitment of undergraduate students to foster diversity in Biostatistics at StatFest. American Statistical Association. Amherst College, Massachusetts.
- Fall 2013 Presenting Fostering Diversity in Biostatistics at Huston-Tillotson University, Austin, TX.
- Fall 2013 Presenting Biostatistics and public health careers at O'Henry Middle school, Austin, TX.
- 2012-2013 Supporting member for identifying students and agenda for ENAR Fostering Diversity in Biostatistics Workshop. Orlando, FL.
- December 2011 –January 2012. ISBNPA Conference 2012 - Abstracts Reviewer. Conference in May 2012 in Austin, TX, USA
- 2011-2012 Supporting member for identifying students and agenda for ENAR Fostering Diversity in Biostatistics Workshop. Washington, DC.
- 2010 Chairman session Statistical Methods in Epidemiology III, International Biometric Society, Florianopolis, Brazil, Dec 7,2010
- 2010-2011 Co-chair ENAR Fostering Diversity in Biostatistics Workshop. Miami
- 2009-2010 Co-chair ENAR Fostering Diversity in Biostatistics Workshop. New Orleans
- 2008-2009 Co-chair ENAR Fostering Diversity in Biostatistics Workshop. San Antonio
- 2008-2009 Border MACH Advisory Committee
- 2003-2007 International Biometric Society, Editorial Advisory Committee member
- 2002-2005 Council Member, International Biometric Society
- 2005-2007 Ad Hoc Search Committee Member for an Executive Editor for Biometrics, International Biometric Society
- 2002-2004, Program Committee Member IBC2004, International Biometric Society
- 2000-2001, President, Colombian Group, International Biometric Society
- 1997-1998, President, Colombian Group, International Biometric Society
- 1996-1997, Bulletin Correspondent, Colombian Group, International Biometric Society
- 2006, Chair for the WNAR invited paper session I: Spatial aspects of sampling and estimation in the environmental sciences. Flagstaff, AZ, June, 2006.

- 2007-2008 Bi-national Border MACH Initiative member

## **SERVICE ACTIVITIES**

### **Editorial Reviewer**

- Current Index of Statistics. Editorial Assistant since 1996
- Revista Colombiana de Obstetricia y Ginecología. Editorial member since 2004.
- Acta Medica Colombiana. Editorial member since 2004.
- Revista Colombiana de Estadística. Editorial member since 2006.
- Revista Venezolana de Estadística. Editorial committee member since June 2007.
- Annals of Biometrics & Biostatistics. Editorial committee member since July 2013.
- Revista Nutrición Clínica y. Dietética Hospitalaria, Editorial committee member since October 2015.
- Medical Statistics, Honorary Editorial Board since November 2015

### **Academic (External)**

- October 1, 2019-Sep 18-19, 2020 StatFest. Member organizer. American Statistical Association. Online Sep 21/2019.
- January 1, 2019-Sep 30, 2019 StatFest. UTHEALTH organizer. American Statistical Association. Houston and Austin, Sep 21/2019.
- January 1, 2018-Dec 31, 2018 StatFest. Member organizer. American Statistical Association. Amherst College, Sep 22/2018.
- February 1, 2018-January 31, 2019 Diversity Workshop and Mentoring Program. Member organizer. American Statistical Association. Vancouver August 2018.
- Population Health and Michael and Susan Dell for Healthy Living Retreat, Nov 9/2018
- May 2018, Travel award committee members from the Caucus for Women in Statistics seeking to support a woman in statistics to be able to attend JSM2018.
- Fall 2017 External faculty reviewer from University of St Louis
- January 1, 2017-Dec 31, 2019 Appointed member by President of American Statistical Association for the Committee on Minorities in Statistics.
- January 1, 2017-Jan 31, 2018 Diversity Workshop and Mentoring Program. Member organizer. American Statistical Association. Baltimore, MD.
- January 1, 2017-Dec 31, 2018 StatFest. Presenter and Member organizer. American Statistical Association. Emory University Sep 23/2018.
- 2011-2017 Musculoskeletal Rehabilitation Sciences Study Section. Center for scientific review. National Institute of Health. Member of review panel 3 times/year, Arlington, VA or Seattle, WA. Term begins on July 1, 2011 and ends June 20,2017. Members are selected on the basis of their demonstrated competence and achievement in their scientific discipline as evidenced by the quality of research accomplishments, publications in scientific journals, and other significant scientific activities, achievements and honors.
- 2016 External faculty reviewer from University of Pittsburgh
- 2016 External faculty reviewer for two faculty from University of Rochester
- 2015-2016 CRC press. Taylor & Francis. Book reviewer. UK
- 2015 External faculty reviewer for two faculty from University of Rochester
- 2012 Scientific committee member of the 22<sup>nd</sup> Colombian Symposium on Statistics, Bucaramanga, Colombia. July17-21/2012.
- 2016 Science judge for the Austin Energy Regional Science Fest for Middle and high school students. Austin, TX.

- 2011 Science judge for the Austin Energy Regional Science Fest for Middle School students. Palmer Events Center. Austin, TX. Judging done on Feb 26/2011.
- 2010-2011 Abstract reviewer for the International Society for Behavioral Nutrition and Physical Activity (ISBNPA) meeting in Melbourne (June 2011). Review conducted January 2011
- 2010 judge of the American Statistics Project Competition from the American Statistical Association.
- 2002-2007 Statistical support to faculty members at the University of Texas at Brownsville in different projects. Faculty advisees with continuous support/consultation are: Anne Renfro, Dr. Heather Klug and Gerson Peltz.
- 2006, Hawaii International Conference on Statistics, Mathematics and Related Fields. Role: Abstract reviewer in the areas of Biostatistics and Epidemiology.
- 2005 Universidad Nacional de Colombia, This university asked me to generate a peer-review evaluation of a chapter book. Full reference: John Harold Estrada Montoya (2003) Panorama de la investigación sobre salud pública en Colombia. Realidad o utopía?. In: La Salud Pública Hoy: enfoques y dilemas contemporáneos en la Salud Pública. Editor: Saul Franco Agudelo, Universidad Nacional de Colombia. Pages 407-419.
- 2003-2004, Promotion Faculty Reviewer. University of Caldas, July, Armenia, Colombia.
- 2003-2004, Promotion Faculty Reviewer. Valle University, August, Cali, Colombia.
- 2003, Abstract peer reviewer for the XX Global Meeting of the International Clinical Epidemiology Network. Manila, Philippines.
- 2001-2006, Participant member Healthy Communities of Brownsville. Health group. Brownsville, TX.

**Academic (Internal) – The University of Texas Health Science Center at Houston, School of Public Health, Department of Biostatistics and Data Science**

- Spring and summer 2020 Interviewing faculty candidates for Austin and Houston
- Summer 2020 Reviewing new students in Austin for admission to formulate recommendations for PH1690 or PH1700
- UTHealth, Tenure and promotion advocate for SPH In this meeting, April 2019
- Summer 2019 Reviewing new students in Austin for admission to formulate recommendations for PH1690 or PH1700
- Spring 2019 Interviewing faculty candidate for Austin and Houston
- 2019-2020 Past Faculty Chair School of Public Health. The University of Texas Health Science Center at Houston. Department of Biostatistics and Data Science
- 2018-2019 Faculty Chair School of Public Health. The University of Texas Health Science Center at Houston. Department of Biostatistics and Data Science.
- May 2029 Faculty Marshall Graduation ceremony. The University of Texas Health Science Center at Houston.
- 2017-2018 Chair-Elect of the faculty School of Public Health. The University of Texas Health Science Center at Houston. Department of Biostatistics and Data Science.
- 2017 Attending Dell center faculty and staff retreats in June. Austin campus, Austin, TX.
- 2017, Six year faculty review panel member of faculty members. Houston campus, Houston, TX. Role: Committee member
- 2017-2018, Student admission and advising committee member, Houston and Austin, TX.
- 2017-2018, Biostatistics faculty search committee member, Houston campus, Austin, TX.
- 2017-2018, Interviewing faculty candidates data science search, Houston campus, Austin, TX.

- 2017, Co-leader biostatistics signature programs in Behavioral, mental health and psychological studies. Houston campus, Austin, TX.
- 2009-2019 Attending Department faculty meetings via ITV from Austin to Houston.
- 2009-2019 Attending graduation ceremony in May of each year. Austin campus, Austin, TX
- 2001-2007 and 2009-2019 conducting student evaluations in December and May of each year. Houston campus, Austin, TX.
- Spring 2017 Reviewer for Student Dissertation Award. Houston campus, Austin, TX.
- 2009-2017 Admissions committee member. Houston campus, Houston, TX.
- 2009-2017 Admissions committee member. Austin campus, Austin, TX.
- Spring 2016, Chairman for faculty recruitment in Department of Biostatistics, Austin Campus, Austin, TX.
- 2009-2016 Attending Dell center faculty and staff retreats in April of each year. Austin campus, Austin, TX.
- Interviewed doctoral applicant January 28/2014. Houston campus, Austin, TX.
- Fall 2014, PH 1690 exemption committee meeting. Houston campus, Houston, TX.
- Summer and Fall 2014: Faculty search committee for Assistant professor in Dallas regional campus. Successfully recruited Dr. Folefac Atem. Starting date on 01/01/2015. Houston campus, Austin, TX.
- Summer 2014, Review of course PH 1690 and PH1700. Houston campus, Austin, TX.
- Fall 2013-Summer 2014 Chairman of Faculty Diversity committee. Houston and Austin, TX.
- Fall 2013, PH 1690 exemption committee meeting. Houston campus, Austin, TX.
- 2006 & 2013 attending graduation ceremony in May of each year. Houston campus, Houston, TX.
- Summer 2012-2017 attended Biostatistics faculty retreat. Houston campus, Austin, TX.
- 2009-2013 Interviewer faculty member. Department of Biostatistics. Houston campus, Austin, TX.
- 2011-2013 Faculty Diversity committee member. Austin, TX.
- Fall 2012, Six year faculty review panel member of faculty members. Houston campus, Houston, TX. Role: Committee member
- Fall 2012, PH 1690 exemption committee meeting. University of Texas Health Science Division of Biostatistics.
- Spring 2012, Fall 2012 Tenure track 3-year junior faculty review. We reviewed and provided feedback on expectations and improvement for 3 junior faculties within the Department of Biostatistics. Houston campus, Austin, TX.
- Spring 2012, Academic affairs committee member Austin Regional campus. Austin, TX.
- January 2011-2017, Tenure and Promotion meeting. Austin, TX.
- 2012 Spring & Summer, admissions coordinator Austin Regional campus. Austin, TX.
- Spring 2012 Committee to waive PH1690 within our institution. Houston campus, Austin, TX.
- Fall 2012, Fall 2013, Fall 2015, Fall 2016, Fall 2017. Review of junior or tenure-seeking faculty in the Department of Biostatistics for tenure and/or promotion. Houston campus, Austin, TX.
- 2010 Academic council faculty member. Austin Regional Campus. Austin, TX.
- 2009 Faculty council alternate, regional campus representative. Austin campus, Austin, TX.
- 2009 Curriculum review PH1610/PH1725/PH1726 committee chairman. Department of Biostatistics. Austin campus, Austin, TX.
- 2006-2007 Search Committee for Director Division of Biostatistics. Role: Committee member. Houston campus, Brownsville, TX.
- 2006, Six year faculty review panel member of faculty members. Role: Committee member. Houston campus, Brownsville, TX.

- 2006, 2007, 2009-2017 Annual activities review panel member of faculty members at the Department of Biostatistics. Role: Committee member. Houston campus, Brownsville, TX.
- 2005-2008, Interfaculty council member. Role: Committee member. Houston campus, Brownsville, TX.
- 2005. Organizer of the School Public Health Opportunities in Biostatistics Seminar. I gather biostatistics faculty from the Southeast United States for a one day ITV seminar describing the biostatistics program and research of our school across Texas. Brownsville, TX.
- 2003 Faculty Recruiting Committee member. Biostatistics faculty positions search in regional campuses (Dallas). Houston campus, Brownsville, TX.
- 2003 Master program in Public Health admissions committee member for entire school. Brownsville, TX.

## **PROFESSIONAL ACTIVITIES**

- 2008-2009 Admissions committee member. Department of Bioinformatics and Biostatistics. School of Public Health and Information Sciences. University of Louisville. Louisville, KY.
- 2008-2009 Committee on Performance Criteria and Economic Welfare. School of Public Health and Information Sciences. University of Louisville. Louisville, KY.
- 2007 Presenter of the biostatistical programs and research at the seminar for minority students “ENAR Fostering diversity in Biostatistics”. Atlanta.
- 2002-2003 Faculty Recruiting Committee member. Biostatistics faculty positions search in regional campuses (Dallas, San Antonio and El Paso). School of Public Health, The University of Texas Health Science Center at Houston. Houston, TX.
- 2000, PhD program in Statistics admissions committee member. National University of Colombia. Department of Statistics. Bogotá, Colombia
- 1998-1999 Master in Statistics admissions committee member. National University of Colombia. Department of Statistics. Bogotá, Colombia
- 1995-2001 Master in Clinical Epidemiology admissions committee member. Pontificia Universidad Javeriana. Department of Clinical Epidemiology and Biostatistics. Bogotá, Colombia

## **Grant review panels**

- July 2020, **National Institute of Health**. Center for scientific review SEP on Juvenile Protective Factors and Their Effects on Aging Study Section. Grant Reviewer of 12 applications. Jul 31.
- June 2020, **National Institute of Health**. Center for scientific review Aging Systems and Geriatrics (ASG) Study Section Grant Reviewer of 54 applications. June 15-16.
- February 2020, **National Institute of Health**. Center for scientific review Aging Systems and Geriatrics (ASG) Study Section. Grant Reviewer of 89 applications. Feb 23-25
- November 2019, **National Institute of Health**. Center for scientific review Aging Systems and Geriatrics (ASG) Study Section. Grant Reviewer of 84 applications. Nov 11-12.
- July 2019, **National Institute of Health**. Center for scientific review COBRE Phase I review. Grant Reviewer of 54 applications. Jul 11-12.
- February 2019, **National Institute of Health**. Center for scientific review Aging Systems and Geriatrics (ASG) Study Section. Grant Reviewer of 87 applications. Feb 12-13.
- November 2018, **National Institute of Health**. Center for scientific review Fellowships Study Section (ZRG1 F16-L20) **Fellowships: Risk, Prevention and Health Behavior**. Grant Reviewer of 68 applications.

- June, 2017 **National Institute of Health. Musculoskeletal Rehabilitation Sciences Study Section.** Permanent member of review panel in this study section. Grant Reviewer of 66 applications.
- February, 2017 **National Institute of Health. Musculoskeletal Rehabilitation Sciences Study Section.** Permanent member of review panel in this study section. Grant Reviewer of 85 applications.
- October, 2016 **National Institute of Health. Musculoskeletal Rehabilitation Sciences Study Section.** Permanent member of review panel in this study section. Grant Reviewer of 62 applications.
- June, 2016 **National Institute of Health. Musculoskeletal Rehabilitation Sciences Study Section.** Permanent member of review panel in this study section. Grant Reviewer of 62 applications.
- February, 2016 **National Institute of Health. Musculoskeletal Rehabilitation Sciences Study Section.** Permanent member of review panel in this study section. Grant Reviewer of 62 applications.
- June, 2015 **National Institute of Health. Musculoskeletal Rehabilitation Sciences Study Section.** Permanent member of review panel in this study section. Grant Reviewer of 61 applications.
- February, 2015 **National Institute of Health. Musculoskeletal Rehabilitation Sciences Study Section.** Permanent member of review panel in this study section. Grant Reviewer of 63 applications.
- October, 2014 **National Institute of Health. Musculoskeletal Rehabilitation Sciences Study Section.** Permanent member of review panel in this study section. Grant Reviewer of 64 applications.
- June, 2014, **National Institute of Health. Musculoskeletal Rehabilitation Sciences Study Section.** Permanent member of review panel in this study section. Grant Reviewer of 78 applications.
- Feb 27-28, 2014, **National Institute of Health. Musculoskeletal Rehabilitation Sciences Study Section.** Permanent member of review panel in this study section. Grant Reviewer of 88 applications.
- Dec 9-10 2013 **National Institute of Health. Musculoskeletal Rehabilitation Sciences Study Section.** Permanent member of review panel in this study section. Grant Reviewer of 98 applications.
- Jun 17-18 2013 **National Institute of Health. Musculoskeletal Rehabilitation Sciences Study Section.** Permanent member of review panel in this study section. Grant Reviewer 97 applications.
- Feb 20-21 2013 **National Institute of Health. Musculoskeletal Rehabilitation Sciences Study Section.** Permanent member of review panel in this study section. Grant Reviewer 1 application.
- Oct 25-26/2012 **National Institute of Health. Musculoskeletal Rehabilitation Sciences Study Section.** Permanent member of review panel. Grant Reviewer 104 applications. Seattle, WA.
- June 28-29/2012 **National Institute of Health. Musculoskeletal Rehabilitation Sciences Study Section.** Permanent member of review panel. Grant Reviewer 132 applications. Bethesda, MD.
- Feb 23-24/2012 **National Institute of Health. Musculoskeletal Rehabilitation Sciences Study Section.** Permanent member of review panel. Grant Reviewer 124 applications. Arlington, VA.

- Oct 14/2011 **National Institute of Health. Musculoskeletal Rehabilitation Sciences Study Section.** Permanent member of review panel. Grant Reviewer 64 applications. Bethesda, MD.
- 2011 Universidad del Rosario, Bogotá, Colombia. Grant Reviewer. October/2011.
- 2010, **National Institute of Health. Musculoskeletal Rehabilitation Sciences Study Section.** Member of review panel to evaluate 64 applications received in response to several RFA and PAR. October 5-6, 2010, Arlington, VA.
- 2010, **National Institute of Health. Musculoskeletal Rehabilitation Sciences Study Section.** Member of review panel to evaluate 53 applications received in response to several RFA and PAR. February 12, 2010, Arlington, VA.
- 2009 Reviewer grants panel, **Pennsylvania Department of Health and Oak Ridge Associated Universities.** Pennsylvania Department of Health's Performance review. Violence prevention panel. Pittsburgh. November.
- 2008 Reviewer grants panel, **Pennsylvania Department of Health and Oak Ridge Associated Universities.** Pennsylvania Department of Health's Performance review. Harrisburg, PA. April.
- 2006 Reviewer grants panel, **National Science Foundation.** Arlington, VA. November.
- 2006, Special Emphasis Review Panel, **National Institute of Health. NIDDK.** Member of review panel to evaluate 64 applications received in response to PAR-06-112. ZRG1 RUS-A %1 S, Pilot and Feasibility Clinical Research Grants in Kidney or Urologic Diseases. July 27-28, 2006, Silver Spring, MD.
- 2006, Special Emphasis Review Panel, **National Institute of Health. NIDDK.** Member of review panel to evaluate two applications received. April 12, 2006, Washington, DC.
- 2005, Study section member. **National Institute of Health. NIDDK.** Member of review panel to evaluate 51 applications received in response to the PAR-04-065: Research Grants for Clinical Studies of Kidney Diseases. July 28 and 29, 2005, Washington DC.
- 2003, Grant proposal reviewer. **Instituto Colombiano para el Desarrollo de la Ciencia y la Tecnología Francisco José de Caldas (COLCIENCIAS).** Colombian National Request for Proposals. Program in Science and Health Technology. September, Bogotá, Colombia
- 2002, Study section member. **National Institute of Health. Geriatrics & Rehabilitative Medicine (GRM).** June, Washington, DC.
- 2001, Grant proposal reviewer. **Instituto Colombiano para el Desarrollo de la Ciencia y la Tecnología Francisco José de Caldas (COLCIENCIAS).** Colombian National Request for Proposals. Program in Science and Health Technology. November, Bogotá, Colombia

### Journal reviewer

- Acta Medica Colombiana. Three papers reviewed in June, September and November 1999.
- Biometrical Journal. One paper reviewed in June 2001
- Medicas Universidad Industrial de Santander. Three papers reviewed in June 2002.
- Journal of the National Cancer Institute. One paper reviewed November 2002.
- American Journal of Public Health. Four papers reviewed in December 2003, April 2005, April 2008, March 2009
- Quality of Life Research. Nine papers reviewed one in February 2003, one in October 2003, one in March 2004, two in September 2004, one in January 2005, three in September 2005, two in 2010. Two papers in December 2010. One paper reviewed on March 2011. One paper reviewed on August 2012. Two papers reviewed in 2013. 2015.
- Journal of Gastroenterology and Hepatology. One paper reviewed in July and September 2003
- Computational statistics and data analysis. One paper reviewed in July 2003

- Journal of Statistical Computation and Simulation. One paper reviewed in May 2003
- HIV Clinical Trials. One paper reviewed in November 2003
- Journal of Official Statistics. Two papers reviewed one in November 2004 and one in January 2005
- Biomedical Central Series. Three papers reviewed one in April 2004, May 2005 and November 2006
- British Medical Journal Health Services research. One paper reviewed in August 2005
- Biomedical Central Oral Health. One paper reviewed in August 2005
- Biomedical Central Women's Health. One paper reviewed in October 2005
- Biomedical Central Public Health. One paper reviewed in June 2006, one in October 2013. 2015.
- Preventing Chronic Disease. Public health research, practice and policy. One paper reviewed in April 2008
- Biomedical Central Geriatrics. Two papers reviewed one in November 2006 and December 2007
- Biomedical Central Medicine. One paper reviewed July 2008
- Biomedical Central Infectious Diseases. One paper reviewed in December 2007
- Chronic Illness. One paper reviewed in December 2006
- Journal of Clinical Epidemiology. One paper reviewed in December 2006
- Biomedical Central Pulmonary Medicine. One paper reviewed in February 2007
- Biomedical Central Medicine. One paper reviewed in February 2007
- Revista Colombiana de Estadística, one paper reviewed December 2007
- Journal of Nutrition Education and Behavior. One paper reviewed August 2008, one in 2009, one in 2010.
- Biomedical Journal of Gastroenterology. Two papers reviewed Feb 2011 and May 2011
- Journal of Statistics Education one paper reviewed May 2011
- PLOS One. One paper reviewed on May 2011.
- Sleep Quality. One paper reviewed March 2011
- Journal of Physical Activity and Health, one paper, January 2012
- BMC Medical Education. One paper reviewed July 2013.
- Stroke, one paper reviewed Feb 2015.
- Journal of Biometrics & Biostatistics, two papers reviewed in June 2016.

## PUBLICATIONS

**Journal Article (Peer-Reviewed) H-index estimated on 09/26/2020=21 (from only 93 documents, 1658 total citations by 1558 documents), Scopus author ID # 10039158400 orcid.org/0000-0002-6859-9916. \*indicates student**

## RESEARCH SUPPORT

### Pending Research Support

National Science Foundation

PI: Krause, G.H.

Grant Title: Systematic Review of Frameworks Used for Preparing Bilingual Pre-service Teachers to Teach Mathematics in the U.S

Period of funding: 09/01/2021-08/30/2024 Total: \$600,000

Role: Biostatistician (10%) Status: under review

City of San Antonio

PI: Tsai, J.

Grant Title: Understanding Mental Health and Psychosocial Effects of COVID-19

Period of funding: 09/01/2020-12/15/2020 Total: \$500,000

Role: Biostatistician (10%) Status: under review

### Ongoing Research Support

NIH/NCI and FDA R01CA234205

PI: Pérez, A.

**Grant Title:** Age of initiation of tobacco products among USA youth and young adults. Administrative supplement for co-use of tobacco products and binge drinking.

Period of funding: 09/01/2020-08/31/2021 Total: \$62,262, direct; \$34,763 indirect.

Role: PI (5%) Status: awarded

Goal: Among youth ages 12-17 years old who are never users of these TPs and alcohol at their first wave of participation in PATH, to prospectively estimate their age of initiation (i.e., first report) of (i) past 30-day use of c-ecig and binge drinking, and (ii) past 30-day use of c-c and binge drinking, using survival analyses, and to identify the risk factors associated with their co-use.

NIH UG3 AR077748

PI: Huard, J.

**Grant Title** Biostatistical Support for The Use of Senolytic and Anti-fibrotic Agents to Improve the Beneficial Effect of Bone Marrow Stem Cells for Osteoarthritis.  
Period of funding: 06/01/2020-05/31/2025 (\$140,392 direct/ 78,486 indirect).  
Role: Co-investigator (10%) awarded

NIH/NCI and FDA PI: Pérez, A.  
**Grant Title:** Age of initiation of tobacco products among USA youth and young adults. Administrative diversity supplement for Dr. Folefac Atem.  
Period of funding: 05/01/2020-04/30/2022 Total: direct \$112,256; indirect \$62,688  
Role: Dr Atem (40%) Status: awarded

NIH NCI CA234205-01A1 PI: Pérez, A.  
Age of initiation of tobacco products among USA youth and young adults. 05/09/2019-04/30/2022. (\$898,555.00 direct/\$ 485,271 indirect)  
Principal Investigator (35%)

NIH CA23909702 PI: Harrell, M.  
ENDS Use Trajectories from Adolescence through Young Adulthood: A Longitudinal Study of Risk Factors and Profiles.04/01/2019-03/31/2021. (\$2,603,404.00 direct/\$ 1,193,108.00 indirect)  
Co-Investigator (10%)

NIH HD097669-03 PI: Hoelscher, D.M.  
Evaluating the Effects of Municipal Funding of Safe Routes to School Infrastructure on Child Physical Activity: A Natural Experiment  
09/01/2017-08/31/2022(\$2,452,363 direct/1,324,423 indirect)  
The proposal seeks to evaluate the intervention in Austin of bond money to improve infrastructure on health outcomes in 3, and 4 grade students. San Antonio students will serve as control.  
Co-Investigator Biostatistician (10%)

Texas Department of State Health Services. PI: Hoelscher, D.  
School Physical Activity and Nutrition (SPAN) Survey school children in the 2<sup>nd</sup>, 4<sup>th</sup>, 8<sup>th</sup> and 11<sup>th</sup> grades and parents of 2<sup>nd</sup> graders.  
09/01/2018- 08/31/2021 (\$500,000)  
Working in the design, random selection of school, development of sampling weights and analysis of this surveillance study.  
Co-Investigator (5%).

### **Completed Research Support**

NCI 1 P50CA180906-01 PI: Pérez, A  
Statistical and Marketing Data (STAT\_MRKT)- Tobacco Center of Regulatory Science on Youth and Young Adults (P50 PI: Perry)  
09/19/2013-08/31/2018 (Core budget: \$1,464,269 Total P50: \$19,739,033)  
The objective of the statistical and marketing core is to provide support and infrastructure in statistical methods and marketing resources for 3 R01s, training and a development core.  
Core Director (20%), Co-Investigator: Administration Core (5%) and Harrell's R01 (5%)

NIH NHLBI 1R01HL12386501A1 PI: Davis, J.  
A School-based Gardening Obesity Intervention for Low-income Minority Children  
04/01/2015-03/31/2020 (\$370,940-UTHEALTH out of \$3,948,505 UT-Austin)

The objective of this study is to evaluate the intervention of a school garden using a cluster randomized trial in central Texas  
Co-investigator of subcontract with UT-Austin (10%).

Michael & Susan Dell Foundation Hoelscher, D.  
08/01/2014 – 07/31/2018 \$1,129,628  
Working Toward Healthy Children in a Healthy World  
This major goals of this renewal of the Michael & Susan Dell Center for Healthy Living are to increase the Center's capacity for research and community outreach; enhance effective translation and communication of research results into action; expand professional education efforts to include collaborations with the Dell Medical School as well as undergraduate students from historically black and Hispanic institutions; and increasingly focus on systems-level changes.  
Co-Investigator (5%)

NIH 5T32GM074902-10 PI: DeSantis, S.  
Training grant program in Biostatistics at UTHSC – SPH  
08/16/2015-06/30/2019 (\$151,776 direct/ \$9,070 indirect/ \$160,846 total)  
This training program addresses the national shortage of biostatisticians, particularly underrepresented minorities, to work in medicine and public health. Biostatisticians develop new statistical tools to use the large amount of information available from such sources as medical imaging, human genetics, and electronic medical records. Biostatisticians design and conduct clinical trials to bring effective new treatments to patients.  
Mentor (0%)

Texas Department of State Health Services. Hoelscher, D.  
School Physical Activity and Nutrition (SPAN) Survey school children in the 2<sup>nd</sup>, 4<sup>th</sup>, 8<sup>th</sup> and 11<sup>th</sup> grades and parents of 2<sup>nd</sup> graders.  
06/01/2015- 07/28/2017 (\$1,554,875)  
Working in the design, random selection of school, development of sampling weights and analysis of this surveillance study.  
Co-Investigator (11%).

NIH NINDS 9U01 NS043127-12. Tilley, B.  
Parkinson's Disease Clinical Trial: Statistical Coordination Center  
07/01/2009-11/30/2015. (\$3,605,805)  
The center provides design and analysis to Phase II and III trails in the NET-PD network, innovative statistical approaches, and procedures for monitoring quality control and participant safety and conduct analysis of the data.  
Co-Investigator, Biostatistician (40%)

Parkinson Study Group (2015). Pérez, A  
Body mass index and Parkinson's disease survival at DATATOP.  
09/01/2015 – 06/28/2016 (\$6,852).  
This subcontract with Harvard medical school seeks to conduct a secondary data analysis with Dr A.M. Wills.  
Principal investigator of subcontract. (1%).

14BGIA18520004 American Heart Association Gabriel, K.P  
Evaluating the utility of composite physical activity scores in population-based research studies.  
01/01/2014-12/31/2015 (\$139,242).

The objective of this study is to explore the reliability and validity of using composite scores of self-reported and accelerometer data and to formulate recommendations for future energy balance researchers.

Co-Investigator, Biostatistician (0%)

NIH NIMHD 2R24MD001779-04

Brown, H.S.

Beyond Sabor: A border embedded health promotion.

01/01/2012-06/31/2012 (\$41,203) PI: Bastida, E.

This study evaluated a community intervention incorporating food and physical activity in adults in the Lower Rio Grande Valley using a cluster randomized study of community centers.

Biostatistician (5%)

10A093. American Institute for Cancer Research (AICR).

Gabriel, K.P.

The role of leisure physical activity on breast density; a biomarker related to breast cancer.

12/01/2010-12/31/2012 (\$121,897)

This study evaluated the association of physical activity on breast density among a large cohort in women in the USA.

Co-Investigator (5%)

NIH NIDA DA-R01-027222

Dafny, N.

How and where in the brain methylphenidate exert its effect in adolescent and adult subjects.

02/01/2009-01/31/2014 (\$173,400)

The objective of this study is to identify the order of the brain structures when adolescents and adults rat receive methylphenidate.

Co-Investigator (8%)

Michael and Susan Dell Foundation

Hoelscher, D.

Increasing Community Reach and Capacity for Child Health

09/01/2010-08/31/2018 (\$2,000,000)

Develops research in child health for healthy children in a healthy world.

05/01/1994-10/01/2001

Helicobacter pylori and gastric cancer

05/01/1994-10/28/2001

This was a chemoprevention trial among persons at high risk of stomach cancer in the Andes Mountains of Colombia.

Biostatistician(100%).

## CONTRACTS

**Title:** “Consultant Agreement UTPA Insulin Resistance in Children”. Funding Agency: UTPA. Period of Funding: 12/01/2005-/09/30/2006 (\$2,000). Role: Principal Investigator (1%).

**Title:** “CDC/USMBHA Border Maternal and Child Health Binational Team Study” Funding Agency: CDC/USMBHA. Period of funding: 11/09/2007-07/14/2008 (\$15,420). Role: Principal Investigator (10%).

## THESIS/QUALIFIERS/DISSERTATION COMMITTEES

## Postdoctoral Students

- **Dr. Deborah DeSalvo**, Postdoctoral and training grant committee mentor. 2016-2017. The University of Texas Health Science Center at Houston. School of Public Health. Austin campus. NIH diversity awardee.
- **Dr. McCullum, Christine**. Postdoctoral Student. "Determinants of Breast Cancer Risk in Latina Girls" K07 grant. Mentorship in the design and statistical aspects of this grant with Dr Deanna Hoelscher and Dr Maureen Sanderson during year 2003-2004. Center for Health Promotion and Prevention Research. School of Public Health, the University of Texas Health Science Center at Houston. Degree Program: DrPh Health promotion & Behavioral sciences.

## PhD students

- **Jennifer Hale**. PhD in Epidemiology 2019-now. School of Public Health, the University of Texas Health Science Center at Houston. Austin campus. Role: Dissertation committee member.
- **Udoka C. Obinwa**. PhD in Epidemiology 2018-now. School of Public Health, the University of Texas Health Science Center at Houston. Austin campus. Role: Dissertation committee member. Dissertation: The potential impact of tobacco retail outlet restriction on tobacco advertisements across major metropolitan areas in Texas. Paper 1: The Impact of Tobacco Advertisement Restriction Around Middle and High Schools Across Major Metropolitan Areas in Texas. (Journal of Adolescent Health). Paper 2: The Impact of Tobacco Advertisement Restriction Around Colleges Across Major Metropolitan Areas in Texas (Journal of American College Health). Paper 3: The Impact of Tobacco Advertisement Restriction On Tobacco Retail Marketing Disparity Around Middle and High Schools Across Major Metropolitan Areas of Texas (Journal of School Health).
- **Christine E Jovanovic**. PhD in Epidemiology 2016-Spring 2019. School of Public Health, the University of Texas Health Science Center at Houston. Austin campus. Role: Dissertation committee member.
- **Matthews, Krystin**. PhD in Epidemiology 2017-Summer 2020. School of Public Health, the University of Texas Health Science Center at Houston. Austin campus. Role: Dissertation committee member. "Breastfeeding and early childhood development in a national sample of participants from The Special Supplemental Nutrition Program for Women, Infants, and Children (WIC) Infant and toddler feeding practices study I". Paper 1: Infant Breastfeeding Transitions and Growth in a Nationally Representative Sample of WIC Infants. Paper 2: Breastfeeding Practices in Toddlers that Experience Rapid Weight Gain. Paper 3: Breastfeeding Practices, Dietary Added Sugar, and Weight at 24 months, in a Nationally Representative Sample of WIC Participants.
- **Reat, Amanda**. PhD in Health Promotion Behavioral Sciences 2016-now. School of Public Health, the University of Texas Health Science Center at Houston. Austin campus. Role: Dissertation committee member. "School Nutrition Programs and Policies Since the Passage of the Healthy Hunger Free Kids Act: How is the New School Food Environment Impacting Dietary Behaviors and Weight Outcomes Among US Adolescent Students."
- **Rodriguez, Anabel**. PhD in Epidemiology 2018-now. School of Public Health, the University of Texas Health Science Center at Houston. San Antonio campus. Role: Dissertation committee member. Prevalence and Public Health Significance of Tuberculosis Among Dairy Workers in Bailey County, Texas. Paper 1: Association of job position and TB knowledge among dairy workers in Bailey County, Texas. Paper 2: Association of job position and history of TB among dairy workers in Bailey County, Texas. Paper 3: Association of foreign-born status with positive T-SPOT.TB among dairy workers on dairy

farms in Bailey County, Texas with confirmed bovine cases infected with *Mycobacterium bovis*

- **Webb, Christopher.** PhD in Epidemiology 2017-now. School of Public Health, the University of Texas Health Science Center at Houston. Austin campus. Role: Dissertation committee member. "Investigating the Spatial Relationship Between Gestational Weight Gain and Access to Care, Nativity Among Hispanic Women, and Pregnancy Care Costs in Texas".
- **Porter, Anna K.** PhD in Epidemiology graduated 2017. School of Public Health, the University of Texas Health Science Center at Houston. Austin campus. Role: Dissertation committee member (Since Summer 2016). "Correlates of bicycling for recreation and transportation, an ecological approach". **Paper 1:** Individual and environmental correlates of bicycling in a nationally representative sample of United States adults. **Paper 2:** Ecological correlates of bicycling for recreation and transportation in Austin TX and Birmingham AL. **Paper 3:** Redefining bikeability for the US South.
- **Salahuddin, Meliha.** PhD in Epidemiology graduated 2017. School of Public Health, the University of Texas Health Science Center at Houston. Austin campus. Role: Dissertation committee member (Since Spring 2016). Developing dissertation entitled "Infant risk factors for pediatric obesity". **Paper 1** "The effect of prenatal maternal cigarette smoking on trajectories of BMI z score in children in the Early Childhood Longitudinal Study, Birth Cohort (ECLS-B)"., **Paper 2** "The effect of large-for-gestational age (birth weight>90th percentile) and infant feeding practices (such as poor breastfeeding and early solid food introduction) on trajectories of BMI z score in children among non-smoking mothers during pregnancy in the Early Childhood Longitudinal Study, Birth Cohort (ECLS-B)". **Paper 3:** The cross-sectional associations of large-for-gestational age (birth weight>90th percentile) and poor breastfeeding with childhood severe obesity status in a low-income, overweight, obese, and severely obese children in the cities of Houston and Austin in the Texas Childhood Obesity Research Demonstration (TX CORD).Dissertation defense, October 28/2015
- **Nicksic, Nicole.** PhD in Epidemiology graduated 2016. School of Public Health, the University of Texas Health Science Center at Houston. Austin campus. Role: Dissertation committee member (Since Summer 2015). Developing dissertation entitled "E-cigarette school policies, advertising, and use among Texas adolescents". **Paper 1:** The Association of E-cigarette policies on E-cigarette Use in Middle and High Schools in the Texas Adolescent Tobacco Advertising and Marketing Surveillance (TATAMS) Study. **Paper 2:** The Association of Self-Reported Exposure to E-cigarette Advertisements on Perceptions of Harms and Addictiveness associated with E-cigarettes in Texas Adolescents. **Paper 3:** The Association of Self-Reported Exposure to E-cigarette Advertisements on E-cigarette Use and Susceptibility in Texas Adolescents.
- **Case, Kathleen.** DrPH in Health promotion and Behavioral Sciences graduated 2016. School of Public Health, the University of Texas Health Science Center at Houston. Austin campus. Role: Dissertation committee member (Since Summer 2015). Developing dissertation entitled "Sensation seeking and e-cigarette use in Texas youth and young adults". **Paper 1:** The Association between Sensation Seeking and E-cigarette Use in Texas Youth: A Cross-Sectional study. **Paper 2:** The Association between Sensation Seeking and E-cigarette Use in Texas Young Adults: A Cross-Sectional Study. **Paper 3:** The Association between Sensation Seeking and Change in E-cigarette Use Behaviors in Texas Youth.
- **Bigman, Galya.** PhD in Epidemiology graduated 2016. School of Public Health, the University of Texas Health Science Center at Houston. Austin campus. Role: Dissertation committee member (Since Spring 2015). Developing dissertation entitled "Acculturation, body image, and their interplay with breastfeeding in Hispanic origin population". **Paper 1:** The role of acculturation on breastfeeding practices among Hispanic women: a systematic

- review study. **Paper 2:** Body image dissatisfaction and breastfeeding duration among Mexican women residing in Mexico 2012.
- **Cooper, Maria.** PhD in Epidemiology graduated 2015. School of Public Health, the University of Texas Health Science Center at Houston. Austin campus. Role: Dissertation committee member (Since Fall 2014). Understanding patterns of use and perceptions of harm and addictiveness for the e-cigarette among Texas students. **Paper 1** proposed: Understanding and Quantifying Salient Characteristics of E-cigarette Use Among Young Adults: Recommendations Based on Key Informant Interviews. To be submitted to Nicotine & Tobacco Research. **Paper 2:** Perceptions of Harm and Addictiveness of E-cigarettes Among Youth. To be submitted to Nicotine & Tobacco Research. Paper 3: Perceptions of Risk and Addictiveness of E-cigarettes Among Young Adults. Proposed to be submitted to Nicotine & Tobacco Research all these papers.
  - **Chen, Geng.** PhD in Biostatistics graduated 2014. School of Public Health, the University of Texas Health Science Center at Houston. Houston campus. Role: Faculty advisor (Fall-Fall 2013) and Dissertation committee member since Fall 2013. Proposal: Bayesian inference for multivariate longitudinal data analysis using robust distributions. **Paper 1:** Robust Bayesian hierarchical model using normal/independent distributions (planned for Biometrical journal). **Paper 2:** Article 2: Bayesian hierarchical joint modeling using skew-normal/independent distributions (planned for Statistical Methods in Medical Research). Dissertation defense date 10/24/2014.
  - **Li, Linlin.** PhD in Epidemiology graduated 2014. School of Public Health, the University of Texas Health Science Center at Houston. Austin campus. Role: Dissertation committee member (Spring 2013-Dec 2014). Childhood severe obesity and related cardiovascular comorbidities and the cost-effectiveness of bariatric surgery for severely obese adolescents. **Paper 1:** The Prevalence of Childhood Severe Obesity and Related Cardiovascular Comorbidities in U.S. **Paper 2:** The Rates of Developing Cardiovascular and Metabolic Comorbidities among Severely Obese Children and Adolescents in U.S. **Paper 3:** The Cost-Effectiveness of Bariatric Surgery for Severely Obese Adolescents in U.S.
  - **Janak, Judson.** PhD in Epidemiology graduated 2014. School of Public Health, the University of Texas Health Science Center at Houston. Austin campus. Role: Dissertation committee member (Spring 2013-graduated Spring 2014). Dissertation: U.S. Military Health: The Epidemiology of Occupational Risk Factors And Long-term Health Across the Life-Course. **Paper1:** Description and Factors Associated with Persistent Post-Concussive and Post-Traumatic Stress Disorder Symptom Change Military Service Members with Mild Traumatic Brain Injury Completing Treatment at San Antonio Military Medical Center. **Paper 2:** Prediction Equations of Persistent Post-Concussive and Post-Traumatic Stress Disorder Symptom Change among Military Service Members with Mild Traumatic Brain Injury Completing Treatment and Rehabilitation at San Antonio Military Medical Center. **Paper 3:** The Association Between U.S. Military Service Status and Metabolic Syndrome: Secondary Data Analysis of The Cooper Center Longitudinal Study.
  - **Eileen Nehme,** PhD in Epidemiology graduated 2015. School of Public Health, the University of Texas Health Science Center at Houston. Austin campus. Role: Dissertation committee member (Since Spring 2013). Transportation cycling in the U.S.: cross-sectional perspectives and a natural experiment. **Paper 1:** Factors associated with transportation cycling in the U.S. **Paper 2:** Using Diffusion of Innovation theory to study transportation cycling. **Paper3:** The effect of new shower facilities on physical activity behaviors of employees. Working in write up of third paper.

- **Cai Wu.** PhD student in Biostatistics. School of Public Health, the University of Texas Health Science Center at Houston. Houston campus. Role: Faculty advisor (Summer 2013). She requested Dr Tilley to be her academic advisor. Working in her dissertation.
- **Peng, Hui.** PhD Student in Biostatistics. School of Public Health, the University of Texas Health Science Center at Houston. Houston campus. Role: Faculty advisor (Since Spring 2012). Student asked for 1 year leave of absence in Summer 2013.
- **Cook, Michelle Lynne.** PhD student from the division of Epidemiology. School of Public Health, the University of Texas Health Science Center at Houston. Austin regional campus. Role: Biostatistics preliminary examination (2012).
- **Kwarteng, Kwadwo.** PhD candidate in Biostatistics. He was developing his dissertation proposal clinical trials with adaptive designs. University of Louisville. Role: Dissertation Chair (2009). Mr. Kwadwo asked for a one-year absence in this program in May 2009.
- **Whitworth, Kristina Walker.** Hazardous Air Pollutants and Lymphohematopoietic Cancer Incidence in Houston, 1995-2005. PhD candidate in Epidemiology. She is currently developing her dissertation proposal with a R03 submitted to NCI, Houston, TX. School of Public Health, The University of Texas Health Science Center at Houston. Role: Dissertation committee member (2006-2007), qualifier committee member and evaluator member qualifier examination (2006)
- **Wells, Shirley.** DrPh student from the division of management, policy and community health. School of Public Health, the University of Texas Health Science Center at Houston. Role: Qualifier committee member (2005). Advisor member: 2005-2006.
- **Wen, Sijin.** PhD student from the division of biostatistics. School of Public Health, the University of Texas Health Science Center at Houston. Role: Evaluator member qualifier examination (2006).
- **Ball, Greg.** PhD student from the division of biostatistics. School of Public Health, the University of Texas Health Science Center at Houston. Role: Evaluator member qualifier examination (2006).
- **Fang, Shenyng.** PhD student from the division of biostatistics. School of Public Health, the University of Texas Health Science Center at Houston. Role: Evaluator member qualifier examination (2006).
- **Wang, Xuemei.** PhD student from the division of biostatistics. School of Public Health, the University of Texas Health Science Center at Houston. Role: Evaluator member qualifier examination (2006).
- **Shirkey, Beverly.** PhD student from the division of biostatistics. School of Public Health, The University of Texas Health Science Center at Houston. Role: Evaluator member qualifier examination (2003).
- **Wang, Nancy.** PhD student from the division of biostatistics. School of Public Health, the University of Texas Health Science Center at Houston. Role: Evaluator member qualifier examination (2002).
- **Owens, Emiel.** PhD student from the division of biostatistics. School of Public Health, the University of Texas Health Science Center at Houston. Role: Evaluator member qualifier examination (2002).
- **Mahnken, Jonathan.** PhD student from the division of biostatistics. School of Public Health, the University of Texas Health Science Center at Houston. Role: Evaluator member qualifier examination (2002).
- **Munsell, Mark.** PhD student from the division of biostatistics. School of Public Health, The University of Texas Health Science Center at Houston. Role: Evaluator member qualifier examination (2002).
- **Lei, Lei.** PhD, division of biostatistics. School of Public Health, the University of Texas Health Science Center at Houston. Role: Evaluator member qualifier examination (2002).

## Master level students

- **Elena Penedo**, The University of Texas Health Science Center at Houston, School of Public Health, Austin Campus. Role: Academic advisor and practicum preceptor MPH in Epidemiology. Summer 2019. Practicum: Nicotine Urinary Biomarkers and Nicotine Dependence Scores among Electronic Cigarette Users
- **Alvin M. Estacio**. The University of Texas Health Science Center at Houston, School of Public Health, San Antonio Campus. Role: Thesis committee member MS Forecasting Pneumococcal Immunization Rates in Older Adults at a Family Health Center (FHC). MS in Epidemiology. Summer 2019.
- **Susan Wu**, The University of Texas Health Science Center at Houston, School of Public Health, Austin Campus. Role: Academic advisor and thesis chair MPH in Biostatistics. Fall 2018. Thesis: A Scoop of social media and depression in college students.
- **Taryn Alkis**, The University of Texas Health Science Center at Houston, School of Public Health, Austin Campus. Role: Thesis committee member MS in Biostatistics. Summer 2018. Thesis: Estimating the usual intake from fruits and vegetables consumed by children at baseline in TX sprouts.
- **Holly Garza**, The University of Texas Health Science Center at Houston, School of Public Health, Austin Campus. Role: Academic advisor and Thesis chairman MPH in Epidemiology. Spring 2018. Thesis: Diagnostic coding of physical abuse among patients evaluated by a multidisciplinary child protection team in a pediatric level I trauma center.
- **Raja Malkani**, The University of Texas Health Science Center at Houston, School of Public Health, Austin Campus. Role: Thesis committee member MS in Epidemiology Thesis. Spring 2017. Thesis: The association of meat and dairy consumption with weight status among Texas children and adolescents.
- **Meagan Bluestein**, The University of Texas Health Science Center at Houston, School of Public Health, Austin Campus. Role: Thesis supervisor MPH with a concentration in Epidemiology Thesis. Fall-Spring 2017. Thesis: Exploring Associations between the use of Psychoactive substances and e-cigarettes in a nationally representative sample of young adults. Graduated May/2017.
- **Shady Al-Sayyed**, The University of Texas Health Science Center at Houston, School of public health, Austin campus. Role: Thesis committee member MPH with a concentration in Epidemiology. Fall-Spring 2017. Thesis: the association between condom use and needle injection on HIV testing in U.S. high school students. Graduated May/2017.
- **Trent Peng**, The University of Texas Health Science Center at Houston, School of Public Health, Austin Campus. Role: faculty member MS Epidemiology Thesis. Spring 2015 until now. Thesis proposal: The association between obesity and low back pain in Adults: data from the national health interview survey. Graduated May/2016.
- **Shim, Jinhee**. The University of Texas Health Science Center at Houston, School of Public Health, Houston Campus. Role: faculty member MS Thesis. Spring 2014 thru Fall 2014. Graduated MS in Epidemiology degree on Dec 2014. Thesis: Association between Vitamin D and the prevalence of Human Papillomavirus Infection In women in the United STATES: The National Health and nutrition examination survey 2003-2006. Planning submission of paper to: Cancer Epidemiology, Biomarker, and Prevention (CEBP) journal
- **Chan, Peteria Wing Hang**. The University of Texas Health Science Center at Houston, School of Public Health, Austin Campus. Role: Student faculty advisor. Years 2011 thru 2014. MPH degree. Culminating experience approved: Perceived barriers and facilitating factors for leisure time physical activity among adult Asian American women in Austin/Travis County: an exploratory study. Changed title during the duration of the work to: Barriers and

facilitators for physical activity and exercise among adult Indian American women in central Texas. Role: Academic advisor and thesis committee member. Thesis chairman: Dr. Andrew Springer. Thesis defense on Dec 4/2014. Austin, TX. Working at UT-Austin for the center of mental health. School of social work. Graduation Dec 2014.

- **Luswata, Charles.** The University of Texas Health Science Center at Houston, School of Public Health, Houston Campus. Role: Student faculty advisor. Years 2013 thru Spring 2015. MS in Biostatistics. Thesis proposal draft: Statistical modeling of HIV risk-related sexual behavioral and geospatial factors using data from the 2011 Uganda aids indicator survey (UAIS). Mr. Luswata decide to have his thesis committee in Houston only.
- **Teke, John Nde.** The University of Texas Health Science Center at Houston, School of Public Health, Houston Campus. Role: Student faculty advisor. Years 2012 thru 2014. Finished coursework for MS in Biostatistics and developed his thesis. Graduated in Dec 2014. Thesis title “Association of food and physical activity patterns with obesity in an ethnically diverse school sample of children in Texas”. Thesis for the MS in Biostatistics at the University of Texas Health Science Center at Houston. Chairman: Perez, A. Committee members: Du, X. and Wei. P.
- **Landry, Lisa M.** The University of Texas Health Science Center at Houston, School of Public Health, Austin Campus. Role: Culminating experience faculty member. Fall 2013 thru Spring 2014. Culminating experience: Development and exploration of a multidimensional measure of pregnancy desire from the national survey of family growth. MPH program. Graduated Spring 2014.
- **Gomez, David.** The University of Texas Health Science Center at Houston, School of Public Health, Austin Campus. Role: Student faculty advisor. Years 2012 thru 2014. MPH graduated August 2014. Culminating Experience: Capstone course.
- **Gambhire, Dhiraj Devidas.** The University of Texas Health Science Center at Houston, School of Public Health, Houston Campus. Role: Student faculty advisor. Years 2012 thru 2014. MPH in Biostatistics. Culminating experience entitled: Identifying patient characteristics associated with different phenotypic presentations of lipodystrophy among subjects with HIV. Graduated Spring 2014.
- **Shihadeh, Ferial D.A.** The University of Texas Health Science Center at Houston, School of Public Health, Houston Campus. Role: Student faculty advisor. Years 2012 thru 2014. MPH in Biostatistics degree. Culminating Experience: Capstone course.
- **Breslin, Kathryn Anne.** The University of Texas Health Science Center at Houston, School of Public Health, Austin Campus. Role: Student faculty advisor. Years 2012 thru 2014. MPH degree in progress. She finished coursework but did not come back to complete culminating experience.
- **Chlon, Whitney Elyse.** The University of Texas Health Science Center at Houston, School of Public Health, Austin Campus. Role: Student faculty advisor. Years 2012 thru Spring 2013. Departed the school due to personal circumstances.
- **Mueck, Krislynn M.** The University of Texas Health Science Center at Houston, School of Public Health, Austin Campus. Role: Student faculty advisor. Years 2012 thru 2013. MPH completed and graduated in May 2013. Culminating Experience: Capstone course.
- **Collins, Lauren.** The University of Texas Health Science Center at Houston, School of Public Health, Houston Campus. Role: Student faculty advisor. Years 2012 thru 2013. Started MS in Biostatistics and changed to Epidemiology in Spring 2013.
- **Koslovsky, Matthew David.** The University of Texas Health Science Center at Houston, School of Public Health, Houston Campus. Role: Student faculty advisor. Years 2012 thru 2014. MS in Biostatistics degree in progress. Changed Fall 2014 to PhD progress with Dr Swartz as advisor.

- **Webb, Christopher.** The University of Texas Health Science Center at Houston, School of Public Health, Houston Campus. Role: Student faculty advisor. Years 2011 thru 2012. MPH completed and graduated May 2013.
- **Sun, Miao.** The University of Texas Health Science Center at Houston, School of Public Health, Houston Campus. Role: Student faculty advisor. Years 2011 thru 2013. MPH degree with a concentration in Biostatistics. Changed academic advisors in Fall 2014 to Dr Dejian Lai.
- **Smith, Rachel.** The University of Texas Health Science Center at Houston, School of Public Health, Austin Regional Campus. Role: Student faculty advisor. Years 2010 thru 2012. MPH degree in progress. She finished coursework but did not come back to complete culminating experience.
- **Chavez, Sarah Ynez.** The University of Texas Health Science Center at Houston, School of Public Health, Houston Campus. Role: Student faculty advisor. Years 2011 thru 2012. MPH completed and graduated May 2013. Culminating Experience: Capstone course
- **Kennedy, Emily C.** The University of Texas Health Science Center at Houston, School of Public Health, Austin Regional Campus. Role: Student faculty advisor. Years 2010 thru 2012. MPH completed and graduated May 2013. Culminating Experience: Capstone course
- **Ross, Megan.** The University of Texas Health Science Center at Houston, School of Public Health, Austin Regional Campus. Role: Student faculty advisor. Years 2011 and 2012. Recipient of Delta Omega in Public Health. MPH degree granted on May 3/2012.
- **Wilson, Morgan K.** The University of Texas Health Science Center at Houston, School of Public Health, Austin Regional Campus. Role: Student faculty advisor. Years 2011 and 2012. MPH degree granted on May 3/2012. Culminating Experience: Capstone course
- **King, Benjamin.** The University of Texas Health Science Center at Houston, School of Public Health, Austin Regional Campus. Role: Student committee member. Years Fall 2010-2011. MPH degree granted summer 2011. Culminating Experience: Capstone course
- **Wei, Ming-Yi.** "Motivational interviewing and feedback for college drinkers: handling missing values with complete case analysis and multiple imputation". MPH degree. Dallas Regional Campus, Austin, TX. School of Public Health, The University of Texas Health Science Center at Houston. Role: Thesis chairman (Summer 2011). Started PhD in Biostatistics at Tulane University and moved to Dallas to start IT program Fall 2013.
- **Cushing, Julie Anna.** The University of Texas Health Science Center at Houston, School of Public Health, Austin Regional Campus. Role: Student advisor member. Years 2010 thru 2013. MPH completed and graduated May 2013. Culminating Experience: Capstone course
- **Zeng, Qiong.** Sampling Surveys. Master of Science in Statistics degree. University of Texas at Austin, Austin, TX. Role: Thesis committee member (2011-2012).
- **Okeke, Nnenna Lynn.** The University of Texas Health Science Center at Houston, School of Public Health, Austin Regional Campus. Role: Student advisor member. Years 2009 and 2010.
- **Platz, Leslie Ann.** The University of Texas Health Science Center at Houston, School of Public Health, Austin Regional Campus. Role: Student advisor member. Years 2009 and 2010.
- **Chen, Yinlu.** Estimating key parameters and benefits in breast cancer screening using the CNBS study. She is currently developing her Master of Science degree in Biostatistics. Department of Bioinformatics & Biostatistics, Louisville, KY. School of Public Health and Information Sciences, University of Louisville Health Science Center. Role: Thesis committee member (2009).
- **Liendo, Lori Lynn.** Antimicrobial resistant in one Cameron county hospital. MPH student. Currently developing her thesis proposal, McAllen, TX. School of Public Health, the University of Texas Health Science Center at Houston. Role: Academic and thesis

committee member (2002-2007). Graduation May 2007. Ms Liendo works at Valley Baptist Medical Center, Harlingen, TX in the Six Sigma Department.

- **Ewah, Obia U.** Breast Cancer Health Disparities across the Cancer Continuum: a Literature Review. She is currently developing her culminating experience proposal, Houston, TX. School of Public Health, the University of Texas Health Science Center at Houston. Role: Academic and thesis committee member (2005-2007).
- **Villalon, Consuelo.** Modeling Waist Circumference from Porter High School students in Brownsville, Texas in 2004. The University of Texas Health Science Center at Houston, School of Public Health, Brownsville Regional Campus. Role: Academic committee member and MPH thesis chairman (2002-2006). Graduated May 2006. Ms Villalon works at the Brownsville Community Health Center, Brownsville, TX.
- **Peltz, Gerson.** Serum Leptin values in Mexican Americans: Association with body fat content and body fat distribution. The University of Texas Health Science Center at Houston, School of Public Health, Brownsville Regional Campus. Role: Thesis committee member 2005-2006. Graduated May 2006. Currently Mr. Peltz is a faculty member of the University of Texas at Brownsville, Brownsville, TX.
- **Crooks, Bebe.** The University of Texas Health Science Center at Houston, School of Public Health, Brownsville Regional Campus. Role: Student advisor member. Years 2002 and 2003.
- **Gutierrez, Elizabeth M.** Social Cognitive Theory and factors associated with Rio Grande Valley educated Hispanics pursuing a career in science. The University of Texas Health Science Center at Houston, School of Public Health, Brownsville Regional Campus. Role: Academic and thesis committee member. Graduated December 2006. Currently Ms Gutierrez works as a Medical Education Assistant Coordinator at The University of Texas Health Science Center at San Antonio. McAllen, TX
- **Pones, Rosa M.** The Association of Eating Habits and Depressive Mood among Hispanic Teenagers in Texas-Mexico Border Community. The University of Texas Health Science Center at Houston, School of Public Health, Brownsville Regional Campus. Role: Academic and thesis committee member 2002-2005. Graduated December 2006. Currently Ms Pones works as a head nurse at Porters High School in Brownsville, TX.
- **Fore, Maryann.** The University of Texas Health Science Center at Houston, School of Public Health, Brownsville Regional Campus. Role: Student advisor member. Year 2002. This student decide do not to continue with her MPH program due to work.
- **Jaimes, Fabian A.** Outcome prognostic factors to Systemic Inflammatory Syndrome (SRIS): Severity Index development. Master in Science in Clinical Epidemiology. Pontificia Universidad Javeriana. Clinical Epidemiology and Biostatistics Unit. Role: thesis committee member. Graduated 2001. Currently Mr Jaimes is a doctoral candidate John Hopkins University and Assistant Professor of Epidemiology National University of Colombia, Medellin, Colombia.

## BS students

- **Lopez, Adriana.** Physiology severity quantification of patients admitted to intensive care using hot deck and simple imputation. Department Statistics. National University of Colombia. Role: Thesis chairman BSc in Statistics (2000). Graduated 2000. Graduated from doctoral program. University of Pittsburg. Pittsburg. USA.
- **González, James A.** An empirical comparison between polytomous logistic regression and tree models. Department of Mathematics and Statistics. National University of Colombia. Role: Thesis chairman BSc in Statistics (1999). Graduated 2000. Mr. Gonzalez is a senior statistician at Hospital Militar, Bogotá Colombia.

- **Martínez, Hugo A.** Comparison of simple imputation and multiple imputation techniques for missing data when a path analysis with observable variables is planned. Department of Mathematics and Statistics. National University of Colombia. Role: Thesis chairman BSc in Statistics (1999). Graduated 2000. Mr. Martinez is a senior statistician at Nielsen, Bogotá, Colombia.
- **Rondón, Martin A.** Comparison of logistic regression estimates when using multiple imputation and case complete techniques for missing data. Department of Mathematics and Statistics. National University of Colombia. Role: Thesis chairman BSc in Statistics (1998). Graduated 1998. Mr. Rondon is currently assistant professor at Pontificia Universidad Javeriana, Clinical Epidemiology and Biostatistics Unit, School of Medicine. Bogotá. Colombia.
- **Gil, Jacky Fabian A.** Development of a logistic regression model to predict the outcome of Intensive Care Unit patients in Colombia. BSc Thesis. Department of Mathematics and Statistics. National University of Colombia. Role: Thesis chairman BSc in Statistics (1998). Graduated 1998. Meritorious Thesis. Second place awarded. Second place awarded “**Best undergraduate thesis at National University of Colombia**” 1999 version. Mr. Gil is currently assistant professor at Pontificia Universidad Javeriana, Clinical Epidemiology and Biostatistics Unit, School of Medicine. Bogotá. Colombia

## TEACHING EXPERIENCE

| Course   | Dates           | Role               | Number of Students | Student Evaluation             |
|--|-----------------|--------------------|--------------------|--------------------------------|
| Statistical methods for handling missing data in clinical studies with univariate and multivariate outcomes. International short-course at: <b>The International Statistical Symposium</b> | July 24-25/2014 | Invited Instructor | 25                 | NA                             |
| <b>University of Texas, School of Public Health. MPH, PhD, MS degrees.</b>   |                 |                    |                    | <b><u>5</u> is exceptional</b> |

| Course  | Dates       | Role       | Number of Students | Student Evaluation |
|---|-------------|------------|--------------------|--------------------|
| Intermediate Biostatistics Students in Austin, Brownsville, Houston and Dallas. (ITV) | Fall 2019   | Instructor | 35                 | NA                 |
| Categorical Data Analysis. (ITV)  | Spring 2019 | Instructor | 19                 | 4.05               |
| Intermediate Biostatistics Students in Austin, Brownsville, Houston and Dallas. (ITV) | Fall 2018   | Instructor | 48                 | 4.27               |
| Statistical methods to handling missing data in Austin & Houston. (ITV)               | Spring 2018 | Instructor | 13                 | 4.3                |
| Foundations of Biostatistics Students in Austin, Houston and Dallas. (ITV)            | Fall 2017   | Instructor | 49                 | 4.1                |
| Sampling Techniques Students in Austin  | Summer 2017 | Instructor | 2                  | 4.5                |
| Sampling Techniques Students in Austin  | Spring 2017 | Instructor | 1                  | 5.0                |

|  |             |                   |    |      |

## INVITED TEACHING ACTIVITIES

- **Pérez, A.** (2011) Modeling Strategies and Sample Size issues: Traditional Epidemiologic Model versus Predictive Models. College of Pharmacy. Local chapter of the International Society for Pharmaco-Economics and Outcomes Research. University of Texas at Austin, Feb 21/2011.
- Smith, R. and **Pérez, A.** (2007) Sample size issues and determination in maternal and child health. Thirteenth annual maternal and child health epidemiology conference. Sponsored by CDC. December 10-11, 2007. Atlanta, GA. USA.
- **Pérez A.** (2007) [Risk Evaluation Models in Public Health Studies: An Application in Adolescent Obesity] Modelos de evaluación de riesgos en estudios de salud pública: Aplicación en la obesidad de adolescentes. Continuing education course. National University of Colombia Statistical Symposium. August 7-11. Cali, Colombia.
- **Pérez A.** (2003) [Multicenter Studies. Design, Development and Statistical Aspects] Estudios multi-centricos: aspectos estadísticos del diseño y desarrollo. Continuing education course. National University of Colombia Statistical Symposium. Biostatistics. August. Armenia, Colombia.
- **Pérez A** (2000) [Handling Missing Data in Surveys]. Tratamiento de Datos Faltantes en Encuestas Continuing education course and proceedings Statistical Symposium: Census, Surveys and Information Systems. National University of Colombia. August, San Andres. Colombia. Invited speaker
- **Pérez A** (1997) [Continuing education course on Survival Analysis] Taller de Análisis de Sobrevida. National University of Colombia Statistical Symposium. Non-parametrics statistics. Cartagena, Colombia.
- Bangdiwala SI, Cumsille JF, **Pérez A**, Rodríguez MN. (1997) [Workshop on Statistical Methodologies for Classification] Taller de Metodologías Estadísticas para Clasificación. Invited workshop during the III Latino American meeting in Clinical Epidemiology. LATINLEN III. September. Punta Cana. Dominican Republic.

## INVITED PRESENTATIONS

- Flournoy, N., **Pérez, A.**, Gomez, G., Lin, S. (2018) Panel member of luncheon “Empowering Women in Statistics and Data Sciences. Caucus of Women in Statistics. The International Biometric Society. Barcelona, July 12/2018.
- **Pérez, A.** (2017) Pursuing a career & graduate training in Biostatistics. StatFest 2017. Emory University, Sep 23/2017.
- **Pérez A** (2016) Invited teaching session. “Descriptive statistics: Graphs and Tables including probability”. Elementary Mathematics Methods course at the University of Texas at Austin, April 19/2016, Austin, Texas.
- **Pérez A** (2014) Plenary session: Statistical Aspects of the Three Main Projects from the Tobacco Center of Regulatory Science on Youth and Young Adults. XXIV international Statistical Symposium, July 24-26/2014, Bogotá, Colombia
- **Pérez A** (2014) Statistical methods for handling missing data in clinical studies with univariate and multivariate outcomes. International short-course at: The International Statistical Symposium. July 24-25/2014. 25 students.

- **Pérez, A.** (2011) Modeling Strategies and Sample Size issues: Traditional Epidemiologic Model versus Predictive Models. College of Pharmacy. Local chapter of the International Society for Pharmaco-Economics and Outcomes Research. University of Texas at Austin, Feb 21/2011.
- **Pérez A.**, Atlas, M., Hornung, C.A. (2009) An inventory of (Bio) statistics courses at an academic health science center: is duplication really necessary?. JSM 2009. Washington, DC. August.
- **Pérez A.** (2009) Survey sampling and multinomial logistic models for physical activity, sedentary behavior and overweight among adolescents in Texas. Statistics Seminar. University of Kentucky. Lexington, February.
- **Pérez, A.** (2008) Variance estimation after missing data imputation in two of the Science Resources Statistics Surveys. Biostatistics Seminar. University of Louisville. Louisville, April.
- Smith, R. and **Pérez, A.** (2007) Sample size issues and determination in maternal and child health. Thirteenth annual maternal and child health epidemiology conference. Sponsored by CDC. December 10-11, 2007. Atlanta, GA. USA.
- **Pérez A.** (2007) Approaches to account for imputation uncertainty in research projects. Presentation at Instituto Tecnológico y de Estudios Superiores de Monterrey (ITESM), Monterrey, Mexico. August.
- **Pérez A.** (2007) Modeling the association of particulate matter [air pollution (PM10) concentrations] on daily respiratory morbidity in children. Invited talk. National University of Colombia Statistical Symposium. August 7-11. Cali, Colombia.
- **Pérez A.** (2007) [Risk Evaluation Models in Public Health Studies: An Application in Adolescent Obesity] Modelos de evaluación de riesgos en estudios de salud pública: Aplicación en la obesidad de adolescentes. Colombian Statistical Symposium. August 7-11. Cali, Colombia.
- **Pérez A,** Fernández ML, Dennis RJ. (2005) The Organization, Management, Job Satisfaction and Performance of Intensive Care Units in Colombia: Results of a Nurse-Physician Survey. Presentation at the University of Puerto Rico at Mayaguez. November 21/2005.
- **Pérez A.** (2005) Variance estimation after missing data imputation at the survey of doctorate recipients (SDR) and at the NSF survey of graduate students and post-doctorates in Science and Engineering (GSS). Presentation at the National Science Foundation, Science Resource Statistics team. Arlington, VA. August 2/2005.
- **Pérez A.** (2004) Variance estimation when data are missing in action. Lunchtime session XXII International Biometric Conference. IBC2004. July 11-16. Cairns, Australia.
- **Pérez A,** Dennis RJ, Rodriguez B, Castro AY, Delgado V, Lozano JM. (2004) Improvement of Parenteral Antibiotic use in a University Hospital in Colombia. Proceedings of the Second International Conference on Improving Use of Medicines. March 30-April 2, Chiang Mai, Thailand,
- **Pérez A** (2003) [Predicting the length of stay of patients in intensive care units using a markovian model]. Predicción de la Longitud de Estancia en Pacientes Admitidos a Unidades de Cuidado Intensivo en Colombia Usando un Modelo Markoviano discreto. Statistical Symposium: Statistical in the Health Sciences. National University of Colombia, August, Armenia. Available in CD Rom.
- **Pérez A.** (2003) [Multicenter Studies. Design, Development and Statistical Aspects] Estudios multi-centricos: aspectos estadísticos del diseño y desarrollo. Continuing education course. National University of Colombia Statistical Symposium. Biostatistics. August. Armenia, Colombia.
- **Pérez A** (2002) Biometry at the University of Texas Health Science Grant

- Center at Houston, School of Public Health. Meeting conducted monthly at the Texas Department of Health, Region 11. March, Harlingen, TX, USA.
- **Pérez A** (2000) [Available software to handling Missing Data]. Software disponible para el manejo de datos faltantes Proceedings Statistical Symposium: Census, Surveys and Information Systems. National University of Colombia. August, San Andres. Colombia.
- **Pérez A** (2000) [Handling Missing Data in Surveys]. Tratamiento de Datos Faltantes en Encuestas Continuing education course and proceedings Statistical Symposium: Census, Surveys and Information Systems. National University of Colombia. August, San Andres. Colombia. Invited speaker
- **Pérez A** (1997) [Continuing education course on Survival Analysis] Taller de Análisis de Sobrevida. National University of Colombia Statistical Symposium. Non-parametrics statistics. Cartagena, Colombia.
- Bangdiwala SI, Cumsille JF, **Pérez A**, Rodríguez MN. (1997) [Workshop on Statistical Methodologies for Classification] Taller de Metodologías Estadísticas para Clasificación. Invited workshop during the III Latino American meeting in Clinical Epidemiology. LATINLEN III. September. Punta Cana. Dominican Republic.
- **Pérez A.** (1996) Sample size. Invited Speaker at the National Epidemiology Symposium. VII Jornadas Nacionales de Epidemiología. Manizales, Colombia
- **Pérez A.** (1996) Statistical Methods. Invited Speaker at Corporación de Investigaciones Biológicas. April, Medellin, Colombia

## GRANT/CONTRACT SUBMISSIONS

NIH

PI: Pérez, A.

**Grant Title:** Age of initiation of tobacco and substance use behaviors in the Population Assessment of Tobacco and Health study, a USA National Sample.

Period of funding: 05/01/2021-04/31/2025 Total: \$3,797,395, direct: \$2,455,765; \$1,341,630 indirect.

Role: PI (40%) Status: under review

Goal: Given these recent changes, estimating the age of initiation of the co-use of tobacco products with other substances and correlates of these behaviors among U.S. youth (ages 12-17), and adults (ages 18+) is paramount to protect public health. We propose to estimate the age of initiation of (i) TPs and marijuana use, (ii) TPs and NM-POD use and (iii) substance use disorder, from the first four waves (2013-2017) (and any subsequent waves that are released during our studyperiod) of the Population Assessment of Tobacco and Health (PATH) study.

NIH

PI: Champion, J.

**Grant Title** Primary care based intervention for rural Mexican American Adolescents.

Period of funding: 09/01/2020 - 08/31/2025 (\$164,374 direct/ 85,474 indirect).

Role: Co-investigator (5%) under review

Tobacco Center of Regulatory Science on Youth and Youth Adults 2.0

09/01/2018-08/31/2022 (\$14,568,613 direct/4,969,824 indirect)

The Tobacco Control Act gave the FDA new authority to regulate the marketing of tobacco products. The central focus of our Center resubmission is on research and training in tobacco regulatory science, relevant to FDA's priority questions, focusing on diverse youth and young adults, the potential impact that tobacco marketing practices have on these age groups, and methods to communicate risks when they transition from adolescent to young adults and adulthood.

Co-Investigator Biostatistician (30%) No funded

NIH (Atem, F. PI)

Understanding nicotine dependence scales on cigarette and new and emerging tobacco products in the USA

Total direct cost= \$100,000, total indirect cost=54,000

Period of funding: 04/01/2018 - 03/31/2020

Summary: To understand the survey scales that measure nicotine dependence cigarettes and how they perform in the new and emerging tobacco products by socio-demographics characteristics on the Population Assessment of Tobacco and Health (PATH) Study-Adults wave I study.

Co investigator (3%) No funded

CPRIT (Bandiera, F. PI)

Racial/Ethnic and Socioeconomic Differences in the Association between E-Cigarette Use and Mental Health among Youth

Total direct cost= \$696,828, total indirect cost=36,674

Period of funding: 03/01/2018 - 02/28/2021

Summary: To understand the racial/ethnic and socio demographic characteristics on e-cigarette use and mental health among youth using the Population Assessment of Tobacco and Health (PATH) Study-Adults wave I study.

Co investigator (3%) No funded

NIH (Garcia, A. PI)

Que Pasa - Managing Diabetes Symptoms and Improving Outcomes for Elderly, Rural-Dwelling Mexican Americans

Total direct cost= \$299,532; total indirect cost=161,749

Period of funding: 04/01/2018 - 03/31/2023

Summary: The proposed study provides an essential public health service by evaluating the short and long term efficacy and measuring the incremental costs of a symptom-focused, culturally meaningful, diabetes self-management program aimed at motivating people to engage in effective diabetes self-management, reducing barriers to lifestyle modification, increasing health literacy, improving diabetes control and quality of life, and relieving the physical, societal, and economic

burdens of older, rural-dwelling Mexican Americans' worsening diabetes prevalence and consequences.

Co-investigator (10%) No funded.

NIH (Atem, F. PI)

Understanding nicotine dependence scales on cigarette and new and emerging tobacco products in the USA

Total direct cost= \$100,000, total indirect cost=54,000

Period of funding: 04/01/2018 - 03/31/2020

Summary: To understand the survey scales that measure nicotine dependence cigarettes and how they perform in the new and emerging tobacco products by socio-demographics characteristics on the Population Assessment of Tobacco and Health (PATH) Study-Adults wave I study.

Co investigator (3%)

Que Pasa - Managing Diabetes Symptoms and Improving Outcomes for Elderly, Rural-Dwelling Mexican Americans

Total direct cost= \$299,532; total indirect cost=161,749

Period of funding: 04/01/2018 - 03/31/2023

Summary: The proposed study provides an essential public health service by evaluating the short and long term efficacy and measuring the incremental costs of a symptom-focused, culturally meaningful, diabetes self-management program aimed at motivating people to engage in effective diabetes self-management, reducing barriers to lifestyle modification, increasing health literacy, improving diabetes control and quality of life, and relieving the physical, societal, and economic burdens of older, rural-dwelling Mexican Americans' worsening diabetes prevalence and consequences.

**Grant Title:** Texas Center for Child Heart Health. American heart Association. Period of funding: 07/01/2017 – 06/30/2021. (\$3,372,000 direct/337,200 indirect) Role: Co-Investigator (10%) (PI: Hoelscher, D.M.) Status: not funded.

**Grant Title:** Evaluating the Effects of Municipal Funding of Safe Routes to School Infrastructure on Child Physical Activity: A Natural Experiment. NIH (Hoelscher, D.M., PI)

Total direct cost= \$2,452,636; total indirect cost=3,777,059

Period of funding: 09/01/2017 - 08/31/2022

Summary: The major goals of this project are to assess the effects of the Austin, Texas Safe Routes To School (SRTS) initiative (funded by municipal bonds in 2016) on physical activity among students attending schools which implement the program relative to those in schools

without the program, and to determine if the program improves the overall, city-wide proportion of students engaging in active commuting to school compared to a city without robust SRTS funding.

Funding Agency: NIH

Period of funding: 09/01/2013-08/31/2018 (\$267,925 direct/139,321 indirect)

Role: Co-Investigator (5%) (PI: Evans). Status: scored. Not funded.

**Grant Title:** "Bio-behavioral smoking profiles and smoking prevention in Mexican-American youth"

Funding Agency: NIH

Period of funding: 09/01/2012 - 08/31/2017 (\$3,299,824 direct/501,011 indirect).

Role: Co-Investigator (5%) (PI: Wilkinson). Status: Discussed. Not funded.

**Grant Title:** Suicidal Behavior of Latina, Black, and White Female Teenagers

Funding Agency: NIH/UT-Austin Subcontract

Period of funding: 01/31/2014-12/31/2018 (\$72,544 direct/37,723 indirect)

Role: Co-Investigator (5%) (PI: Champion, Jane D.). Status: not funded.

**Grant Title:** "Community Transformation Grants: Evaluation, Technical Assistance, and Training Services and Performance Monitoring"

Funding Agency: JSI/CDC

Period of funding: 09/27/2011-09/27/2018 (\$4,355,491 direct/2,267,398 indirect)

Role: Co-Investigator (5%) (PI: Kohl). Status: not funded.

**Grant Title:** “The Micro-Environments of Sugar-Sweetened Beverage Consumption in Adolescents”

Funding Agency: NIH

Period of funding: 04/01/2013-03/31/2016 (\$100,000 direct/ 52,000 indirect)

Role: Co-Investigator (5%) (PI: Ranjit). Status: not funded.

**Grant Title:** “Summer Program for Inspiring Future Biostatistics Students”

Funding Agency: NIH

Period of funding: 04/01/2013-03/31/2016 (\$743,996 direct/ 59,520 indirect)

Role: Co-Investigator (5%) (PI: Chen). Status: not funded.

**Grant Title:** “Helicobacter Eradication and Cognitive Decline Prevention Trial” or HeliCog Trial”

Funding Agency: NIH

Period of funding: 04/01/2013-03/31/2017 (\$1,638,357)

Role: Co-Investigator (10%) (PI: Cardenas). Status: not funded.

**Grant Title:** “RCT: H Pylori Infection Leads to a Reduction of Body Iron”

Funding Agency: NIH

Period of funding: 09/01/2012-08/31/2016 (\$1,724,501 direct/407,979 indirect)

Role: Co-Investigator (10%) (PI: Cardenas). Status: not funded.

**Grant Title:** Risk for suicidal and other risks Behaviors Among teens in Honduras

Funding Agency: NIH/ UT-Austin

Period of funding: 04/01/2013-03/31/2015 (43,582 direct/22,663 indirect)

Role:Co- Investigator (10%) (PI: Perez subcontract/ UT-Austin: Zayas). Status: not funded.

**Grant Title:** “Imaging, behavioral, and CSF biomarkers to distinguish idiopathic from atypical Parkinson’s disease”

Funding Agency: NIH

Period of funding: 09/30/2012-09/29/2017 (\$4,363,723 direct/ 1,560,896 indirect)

Role: Co-Investigator (40%) (PI: Schiess). Status: reviewed. Not funded.

**Grant Title:** “Physical fitness, task performance and musculoskeletal injury risk in firefighters”

Funding Agency: FEMA

Period of funding: 09/01/2012-08/31/2017 (\$653,606)

Role: Co-Investigator (5%) (PI: Kohl). Status: Not funded.

**Grant Title:** Thinking: Behavioral and psychosocial factors in adolescent obesity

Funding Agency: NIH.

Period of funding: 01/01/2012-12/31/2016 (2,426,850 direct/ 1,213,244 indirect)

Role:Co- Investigator (10%) (PI: Roberts, R.). Status: Not funded

**Grant Title:** “Physical fitness, task performance and musculoskeletal injury risk in firefighters”

Funding Agency: NIOSH/ UT-Austin

Period of funding: 04/01/2012-03/31/2016 (\$653,606 direct/ 326,804 indirect)

Role: Co-Investigator (5%) (PI: Kohl). Status: No funded.

**Grant Title:** “Community Transformation Grants: Evaluation, Technical Assistance and Training Services and Performance Monitoring ”

Funding Agency: JSI/CDC  
Period of funding: 09/27/2011-09/27/2018 (\$4,355,491)  
Role: Co-Investigator (5%) (PI: Kohl). Status: Not funded.

**Grant Title:** “Mechanism and prediction of fall of wireless devise in elderly dialysis patient”  
Funding Agency: NIH  
Period of funding: 11/01/2011 - 10/31/2013 (\$10,491 direct/ 5,246 indirect).  
Role: PI (3.5%) (PI: Perez Subcontract PI: Lockhart). Status: No funded.

**Grant Title:** “Fresh 5+ At the Corner: A multilevel approach to increase access and intake of fresh fruits and vegetables in underserved children”  
Funding Agency: USDA  
Period of funding: 02/01/2012 - 01/31/2017.(4,363,723 direct/\$541,557 indirect)  
Role: Co-Investigator (26%) (PI: Sharma). Status: No funded.

**Grant Title:** “Bio-behavioral smoking profiles and smoking prevention in Mexican-American youth”  
Funding Agency: NIH  
Period of funding: 01/01/2012 - 06/30/2016 (\$3,188,940 direct/ 396,924 indirect).  
Role: Co-Investigator (5%) (PI: Wilkinson). Status: Not funded.

**Grant title:** Bio-behavioral smoking profiles and smoking prevention in Mexican-American youth.  
Funding Agency: NIH  
Period of Funding: 07/01/2011-06/30/2016  
Role: Co-Investigator (10%) (PI: Wilkinson, A.) Status: Not funded.

**Grant title:** Statistical methods for identifying food patterns associated with child obesity  
Funding Agency: NIH. 1R21DK094212-01  
Period of funding: 09/01/2011-08/31/2013 (\$284,490 direct/ 139,795 indirect). otal (\$424,286).  
Role: Principal Investigator (40%) (PI: Perez, A.). Status: Not funded.

**Grant title:** Associations between Coordinated School Health Policies, Child Obesity, and Obesity–Related Behaviors in Texas.  
Funding Agency: The Healthy Eating Research national program office (NPO). Commissioned Analysis.  
Period of Funding: 01/01/2011-07/01/2011  
Role: Co-Investigator (5%) (PI: Hoelscher, D.M.) Status: Not funded.

**Grant Title:** Sensory Biomarkers of Aging and Age-related Macular Degeneration  
Funding Agency: NIH.  
Period of funding: 05/01/2011-04/30/2016 (\$107,079 direct/ 53,541 indirect).  
Role:Co- Investigator (10%) (PI: Snodderly, M.). Status: Not funded.

**Grant Title:** Vending fruits and vegetables in convenience stores: An experiment in an under-served area  
Funding Agency: NIH.  
Period of funding: 08/01/2011-07/31/2014 (\$1,273,960 direct/ 495,404 indirect).  
Role:Co- Investigator (10%) (PI: Brown, H.S.). Status: Not funded.

**Grant Title:** Pilot testing CATCH Early childhood in parent and preschools  
Funding Agency: NIH.  
Period of funding: 07/01/2011-06/30/2013 (275,0000 direct/ 137,500 indirect)

Role:Co- Investigator (10%) (PI: Sharma, S.V.). Status: Not funded.

**Grant Title:** Thinking positive: behavioral and psychosocial factors in adolescent obesity

Funding Agency: NIH.

Period of funding: 05/01/2011-04/30/2016

Role:Co- Investigator (10%) (PI: Roberts, R.). Status: Not funded.

**Grant Title:** "Food patterns associated with obesity in ethnically diverse school children"

Funding Agency: NIH.

Period of funding: 04/01/2011-03/31/2013 (\$412,501). R21HD068723-01.

Role: PI (40%) (PI: Perez). Status: Not funded.

**Grant Title:** Research supplement to promote diversity in health related research Perez

Funding Agency: NIH. NCI

Period of funding: 04/01/2008-03/31/2012 (\$382,692).

Role:Co- Investigator (22.4%) (PI: Carroll, R.). Status: funded.

**Grant title:** K07 award "Assessment of socio-economic well being in oncology. Funding Agency:

NIH. PI. Head, B. Role: Biostatistician(StCC).Status: Score 190. Not funded

**Grant Title:** University of Louisville's Clinical and Translational Sciences Institute

Funding Agency: NIH.Period of funding: 07/01/2009-06/30/2014 (\$3,960,124).

Role: Biostatistician (0%) (PI: McClain, C.) Status: Score 174. Not funded

**Grant Title:** The Neuronal Circuitry Ecstasy Action

Funding Agency: NIH.

Period of funding: 09/01/2008-08/31/2013 (\$180,094).

Role:Co- Investigator (19%) (PI: Dafny, N.). Status: No funded

**Grant Title:** Center of excellence for diabetes in American Mexican descent

Funding agency: NIH. NCHHD RFA-MD-06-003

Period of funding: 10/01/2007-09/30/12 (\$7,003,195)

Role: Co-investigator (5%) (PI: McCormick). Status: Awarded but I relocated

**Grant Title:** CATCH e-Kid's Club: A web and group-based after-school obesity prevention program.

Funding Agency: NIH. Period of funding: 09/01/2007-08/30/2011 (\$498,187). Role: Co- Investigator

(10%) (PI: Hoelscher). Status: Not funded

**Grant Title:** Ecological and Human Behavioral Determinants of Risk of Dengue Virus Infection on

the Texas-Mexico Border. Funding Agency: NSF. Period of funding: 12/01/2007-09/30/2011

(\$290.163). Role: Co- Investigator (10%) (PI: McCormick). Status: Not funded

**Grant Title:** Survey of industrial research and development: evaluation of imputation methods

Funding Agency: NSF 05-546

Period of Funding: 05/01/2006-/04/31/2009 (\$444.554)

Role: Principal Investigator (25%). Status: Not funded

**Grant Title:** Hazardous air pollutant and Lymphohematopoietic cancer incidence in Houston.

Funding Agency: NIH

Period of Funding: 07/01/2007-/06/30/2009 (\$50.000)

Role: Co-investigator (25%) (PI: Symanski). Status: Not funded

**Grant Title:** CAREER: Development of survey and statistical methods to account for missing data uncertainty. Funding Agency: NSF 05-579  
Period of Funding: 02/01/2006-/01/31/2011 (\$828,647)  
Role: Principal Investigator (50%). Status: Not funded

**Grant Title:** School-based health promotion, Food taxes and Child Nutrition and Overweight.  
Funding Agency: NIH National Institute of Child Health and Human Development (NICHD)  
Period of Funding: 07/01/2007-06/30/2009 (\$150,000).  
Role: Co-Investigator (5%) (PI: Brown) Status: Not funded

**Grant Title:** A Multimedia/Physical Activity After-School Program For Obesity Prevention  
Funding Agency: NIH  
Period of Funding: 9/30/2005-9/29/2010 (\$499,659)  
Role: CO-Investigator (5%) (PI: Hoelscher, D.) Status: Not funded

**Grant Title:** Patients with type 2 diabetes have increased risk of MDR Tuberculosis  
Funding Agency: NIH  
Period of Funding: 12/1/2005-11/30/2009 (\$339,013)  
Role: CO-Investigator (5%) (PI: Fisher-Hoch, S.). Status: Not funded

**Grant Title:** Statistical methods evaluating the effect of missing data and values below the detection limit on estimates of children's aggregate and cumulative exposure to pesticides  
Funding Agency: NSF-MPS  
Period of Funding: 06/01/2005-/05/30/2007 (\$170,006)  
Role: Principal Investigator (25%) Status: Not funded

**Grant Title:** Liberalization of drug prescription requirements. A natural experiment on the US-Mexican border. Funding Agency: PHRMA  
Period of Funding: 01/01/2005-/12/31/2007 (\$48,918)  
Role: Co-Investigator (5%) PI. Brown, H.S. Status: Not funded

**Contract Title:** Task Order #5, Prevalence of LTBI among high risk populations in the US and Canada. Funding Agency: CDC. Period of Funding: 1/1/2003-12/31/2004 (\$150,000 subcontract UTSPH). Role: Consultant (5%) (PI: Edward Graviss). Status: Not funded

**Grant Title:** Pap Test Screening among Latina on the TX-Mexico Border  
Funding Agency: NIH/NCI. Period of funding: 7/1/2004-6/30/2009 (\$3,555,643)  
Role: Investigator (10%) (PI: Maria Fernandez). Status: Not funded

**Grant Title:** Pilot Study to determine HPV16 viral mechanisms underlying the increased rates and younger age of cervical cancer in Hispanic women  
Funding Agency: NIH: PA-01-021  
Period of Funding: 11/01/2002-10/31/2004 (\$124,500)  
Role: Co-Investigator (5%) (PI: S. Fisher-Hoch). Status: Not funded

**Contract Title:** Mentoring and Diabetes Self-management  
Funding Agency: The Robert Wood Johnson Foundation  
Period of Funding: February 1, 2003 – April 30, 2004 (\$23,891 subcontract UTSPH, \$299,891 Brownsville Community Health Center )

Role: Consultant (10%) (PI: H. Sidiq). Status: Not funded

**Grant Title:** Statistical methods evaluating the effect of missing data and values below the detection limit on estimates of children's aggregate and cumulative exposure to organophosphate pesticides

Funding Agency: Environmental Protection Agency (EPA)

Period of funding: 9/1/2004-8/30/2006 (\$199,352)

Role: Principal Investigator (30%) (PI: Adriana Pérez). Status: Not funded

**Grant Title:** Building clinical and research capacity in Autism Epidemiology in Colombia, Initial phase. Funding Agency: Autism Speaks.

Period of Funding: 01/01/2009-12/31/2011

Role: Biostatistician (3%) (PI: Gomez, C.) Status: Not funded

#### **OTHER ACTIVE RESEARCH**

**Project Title:** Predicting outbreaks of Zika virus infection by meteorological factors and locations in Colombia

Role: Co-Investigator.

Description: To understand the geographical association of the Zika virus in Colombia by states

IRB approval: HSC-SPH-16-0959

**Project Title:** Pooled and Comparison Analyses of PATH and TATAMS on Cigarettes and New and Emerging Tobacco Products

Role: Investigator.

Comment/Description: To understand the diversity of tobacco products used in Texas and the US as well as the impact of tobacco product marketing on use behaviors. We are planning to conduct the same analyses on both PATH and Texas Adolescents Tobacco & Marketing Surveillance System (TATAMS). We plan on exploring associations among youth and adults, using the adult and youth data. IRB approval: HSC-SPH-16-0201.

**Project Title** Statistical methods for estimating usual intake among overweight minority youth.

Role: Investigator.

Comment/Description: To develop two nonlinear mixed effects models using data from a cross sectional study 5,6 of 185 Hispanic and American adolescents (14–18 years) who completed fat deposition, physical activity measures and three 24h recalls that we have use in previous publications. IRB approval: HSC-SPH-16-0069 -

**Project Title:** SPAN 2000-2002, 2004-2005, 2009-2011

Role: Investigator

Comment/Description: This project is conducted by Dr. Deanna Hoelscher. We have been working collaboratively in the conduction of the analysis of these cross sectional surveys and we are submitting paper for publication since 01/01/2002.

**Project Title:** Matamoros Youth Risk Behavior Survey

Role: Co-Principal Investigator

Comment/Description: This project has been planned, developed, conducted and analyzed since my arrival to the School of Public Health as a co principal investigator with Dr Belinda Reininger. We are in the publication phase of this project. 10/12/2001- 12/31/2009.

**Project Title:** CagA and Helicobacter pylori-related diseases: A meta analysis

Role: Investigator

Comment/Description: This project is conducted by Dr Lori Fischbach in Dallas. We have been working collaboratively in the conduction of this meta-analysis since my arrival to the School.

### **LANGUAGES SKILLS**

Spanish : Mother tongue.                      English: Excellent ; French: Good

### **OTHER SUPPORT**

2007, The National University of Colombia and ICETEX travel award  
2004, International Biometric Society travel award  
2003, The National University of Colombia travel award  
2002, International Clinical Epidemiology Network travel grant  
2000, International Society for Clinical Biostatistics travel grant  
1999, International Clinical Epidemiology Network travel grant  
1997, International Clinical Epidemiology Network travel award  
1996, Tulane University, travel award  
1996, Latino American Network of Clinical Epidemiology and Biostatistics, travel grant  
1996, International Biometric Society travel award

### **COMPUTER SKILLS**

Statistical Software      SAS, S-Plus, Stata, SPSS, Statgraphics  
Applications                      Microsoft Professional, Foxpro, Frontpage, etc.  
Forms                      Design      Teleform  
Software  
Operating Systems      Windows/Unix/Linux

### **THESES/DISSERTATION**

**Pérez, A.** (1995). Sample Size Approximation for Estimating the Arithmetic Mean of a Lognormally Distributed Random Variable With and Without Type I Censoring. *Doctoral Thesis*. Tulane University. Supervisor: Dr. John J. Lefante.

**Pérez, A.** (1991) Simple and Multiple Correspondence Analysis in the Statistical Analysis System (SAS) (in Spanish). *Bachelor Thesis*. Department of Statistics. National University of Colombia. Bogotá, Colombia. Supervisor: Leonardo Bautista.

### **SUPERVISORY/MENTORING ROLE**

Supervise teaching assistant student Andrew Say (October-December 2020), Houston Campus, School of Public Health, the University of Texas Health Science Center at Houston, Austin, TX, USA.

Supervise teaching assistant student Yushu Wang (September-December 2020), Houston Campus, School of Public Health, the University of Texas Health Science Center at Houston, Austin, TX, USA.

Supervise teaching assistant student Allen Hallett (September-December 2020), Austin Campus, School of Public Health, the University of Texas Health Science Center at Houston, Austin, TX, USA.

Supervise teaching assistant student Elizabeth Callahan (June -December 2020), Austin Campus, School of Public Health, the University of Texas Health Science Center at Houston, Austin, TX, USA.

Supervise graduate student Roi San N'H pang (Summer 2019-Summer 2020), Austin Campus, School of Public Health, the University of Texas Health Science Center at Houston, Austin, TX, USA.

Supervise graduate student Elena Penedo (Summer 2019-Summer 2020), Austin Campus, School of Public Health, the University of Texas Health Science Center at Houston, Austin, TX, USA.

Supervise graduate student Elizabeth Callahan (Spring 2019-May 2020), Austin Campus, School of Public Health, the University of Texas Health Science Center at Houston, Austin, TX, USA.

Providing mentoring support role to Assistant professor Wei Zheng in the department of Biostatistics since September 2019 until now. This mentorship has been focused in several areas: brainstorming of ideas for grant submission, how to write grants, grants submissions, CV review, citizenship for the department and campus activities.

Supervise Mungi, Chinmay P (Spring 2014-August 2014), Houston Regional Campus, School of Public Health, the University of Texas Health Science Center at Houston, Austin, TX, USA.

Providing mentoring to Xi (Bill) Chen, thought the program from the American Statistical Association for new generations of statisticians.

Providing mentoring support role to assistant professor Cici Bauer in the department of Biostatistics since May 2018 until now. This mentorship has been focused in a few areas: providing potential grants and networking for grant submission in Dr Bauer's research area of interest, application for training to serve as grant reviewer for NIH, citizenship for the department and campus activities.

Providing mentoring support role to associate professor Baojiang Chen in the department of Biostatistics since September 2016 until 2019. This mentorship has been focused in several areas: brainstorming of ideas for grant submission regarding statistical methods for missing data, grants submissions, CV review, application for training to serve as grant reviewer for NIH, citizenship for the department and campus activities.

Providing mentoring support role to assistant professor Luis Leon in the department of Biostatistics since January 2015 until now. This mentorship has been focused in three areas: brainstorming of ideas for grant submission regarding food intake and how to improve teaching scores from teaching activities and coordination aspects of stata across sessions and Stata TAs for PH1690 and PH1700.

Providing mentoring support role to assistant professor Folefac Atem in the department of Biostatistics since Dec/2014 until now. This mentorship has been focused in several areas: how to improve documentation of the activities for curriculum vitae, how to establish citizenship within our institution and department, planning and submitting grant submissions, application for training to serve as grant reviewer for NIH, grant writing, developing diversity supplement within my R01 and now mentoring plan for 2 years with Drs Harrell and Messaiah from NIH/NCI/FDA funding.

Providing mentoring support role to assistant professor Lung-Chang Chien in the division of Biostatistics since May/2014 until Dec/2016. This mentorship has been focused in four areas: how to improve documentation of the activities for curriculum vitae of this junior faculty, how to establish

citizenship within our institution and department as well as support for teaching of PH1690 and how to network to seek collaboration and grant funding with other faculty.

Providing mentoring support role to assistant professor Sheng Luo in the division of Biostatistics Fall 2013. This one day mentorship has been focused in one area: how to improve his service with our school, professional activities as well as supervising students.

Providing mentoring support role to assistant professor Hui Zhao in the division of Biostatistics Fall 2012. This mentorship has been focused in one area: how to improve midterm and final exam evaluations in the course intermediate Biostatistics.

Providing mentoring support role to assistant professor Dunlei Cheng in the division of Biostatistics since march/2012 until now. This mentorship has been focused in three areas: how to improve documentation of the activities for curriculum vitae of this junior faculty, how to establish collaborative research across campuses and citizenship within our institution.

Provided mentoring support role to assistant professor Sheng Luo and Yong Chen in the division of Biostatistics in May 2012. This mentorship focused in reading and providing feedback on a paper submission to the Journal of Statistical Software. Also we discussed the process and length of review process of this journal.

Provided mentoring support role to assistant professor Kelley P. Gabriel in the division of Epidemiology from May 2012. This mentorship had been focusing in getting connected with senior Faculty cross regional campuses, paper publication, service for the school and the profession.

Supervise two Graduate Research Assistant Weilu Han and Xiaopeng Liu (Spring 2014-August 2014), Houston Regional Campus, School of Public Health, the University of Texas Health Science Center at Houston, Austin, TX, USA.

Supervise graduate research assistant (Krysten Matthews) from Sep/2015 until August 31/2016 at the University of Texas Health Science Center at Houston, Austin Regional campus, TX, USA.

Supervise a statistician (Christian Jackson) from June 29, 2014 until August 2019 at the University of Texas Health Science Center at Houston, Austin Regional campus, TX, USA.

Supervise a Research Assistant I (Abigail Cartus) from January 12, 2014 until January 2016 at the University of Texas Health Science Center at Houston, Austin Regional campus, TX, USA.

Supervise a programmer (Pablo Martinez) and support specialist (Diver Astrid Duenas) from Feb 2014 until now at the University of Texas Health Science Center at Houston, Austin Regional campus, TX, USA.

Supervise a Graduate Research Assistant Geng Chen (Summer 2011-August 2012), Houston Regional Campus, School of Public Health, the University of Texas Health Science Center at Houston, Austin, TX, USA.

Supervise a Research Assistant Laura K. Littler or Laura L. Bellamy (Fall 2010 until April 2012), Austin Regional Campus, School of Public Health, the University of Texas Health Science Center at Houston, Austin, TX, USA.

Supervise a Statistician Raja I. Malkani (June 2010 until now), Austin Regional Campus, School of Public Health, the University of Texas Health Science Center at Houston, Austin, TX, USA.

Supervise a Graduate Research Assistant for project related activities Qiong Zeng (Spring 2010 until August, 2010), Austin Regional Campus, School of Public Health. This student was from the University of Texas at Austin. Austin, TX, USA.

Provide and supervise full time internship for undergraduate student Matthew Koslovsky (July 1 2010 until September, 2010), Austin Regional Campus, School of Public Health, the University of Texas Health Science Center at Houston, Austin, TX, USA. Project entitled "Food patterns associated with obesity in Texas children in the 2004-2005 academic year".

Provide and supervise half time internship for undergraduate student Ping Li (July 1 2010 until August 31, 2010), Austin Regional Campus, School of Public Health, the University of Texas Health Science Center at Houston, Austin, TX, USA. Project entitled "Food patterns associated with obesity in Texas children in the 2005-2006 NHANES".

Supervise a Research Assistant Mourad Atlas (Fall 2008 and Spring 2009), Department of Bioinformatics and Biostatistics, School of Public Health and Information Sciences, University of Louisville, KY, USA.

Supervise teaching assistant during courses the University of Texas Health Science Center at Houston, Houston, TX, USA In particular:

-Fall 2019, Cheyenne Neese, University of Texas Health Science Center at Houston, MPH Epidemiology student Austin, TX.

-Fall 2019, Nicholas Bendiks, University of Texas Health Science Center at Houston, MPH Epidemiology student Austin, TX.

-Spring 2019, Tao Xu, University of Texas Health Science Center at Houston, MS Biostatistics student Houston, TX, USA.

-Spring 2019, Bethany B. Alcauter, University of Texas Health Science Center at Houston, PhD in Epidemiology student Austin, TX.

-Fall 2018, Jeffrey Lin University of Texas Health Science Center at Houston, MS Biostatistics student Houston, TX, USA.

-Fall 2018, Onyinye S OmegaNjemnobi, University of Texas Health Science Center at Houston, MPH Epidemiology student Austin, TX.

-Spring 2018, Pengwei Zhu, University of Texas Health Science Center at Houston, MS Biostatistics student Houston, TX, USA.

-Fall 2017 and Spring 2018, Summer Santos University of Texas Health Science Center at Houston, MPH Epidemiology student Austin, TX, USA.

-Fall 2017, Rubaiya Islam, University of Texas Health Science Center at Houston, MS Biostatistics student Houston, TX, USA.

-Fall 2017, Babak Soltanalizadeh, University of Texas Health Science Center at Houston, MS Biostatistics student Houston, TX, USA.

-Fall 2016, Meagan A. Bluestein, University of Texas Health Science Center at Houston, MPH Epidemiology student Austin, TX, USA.

-Fall 2016, Zheng Xiang, University of Texas Health Science Center at Houston, MS Biostatistics student Houston, TX, USA.

-Fall 2016, Chinmay P Mungi, University of Texas Health Science Center at Houston, MS Biostatistics student Houston, TX, USA.

-Fall 2013, Shannon Kearns, University of Texas Health Science Center at Houston, MPH student program 4<sup>th</sup> semester, Austin, TX, USA.

-Fall 2013, Kan Li, University of Texas Health Science Center at Houston, PhD student program 1 year in Biostatistics, Houston, TX, USA.

-Fall 2013, Yiwen Cao, University of Texas Health Science Center at Houston, PhD student program 1 year in Biostatistics, Houston, TX, USA.

-Spring 2013, Sarah Seidel, University of Texas Health Science Center at Houston, MPH student program 4<sup>th</sup> semester, Austin, TX, USA.

-Spring 2013, Pengyi Gu, University of Texas Health Science Center at Houston, PhD student program 3 year in Biostatistics, Houston, TX, USA.

-Spring 2013, Yang Zhao, University of Texas Health Science Center at Houston, PhD student program 1 year in Biostatistics, Houston, TX, USA.

-Fall 2012, Jue Wang, University of Texas Health Science Center at Houston, PhD student program 1<sup>st</sup> semester in Biostatistics, Houston, TX, USA.

-Fall 2012, Yefei Zhang, University of Texas Health Science Center at Houston, PhD student program 1<sup>st</sup> semester in Biostatistics, Houston, TX, USA.

-Fall 2012, Lindsay Dickey, University of Texas Health Science Center at Houston, MPH student program 4<sup>th</sup> semester, Austin, TX, USA.

-Spring 2012, Morgan Wilson, University of Texas Health Science Center at Houston, MPH student program 4<sup>th</sup> semester, Austin, TX, USA.

-Spring 2012, Lu Wang, University of Texas Health Science Center at Houston, MS student program 3<sup>rd</sup> semester in Biostatistics, Houston, TX, USA.

-Fall 2011, Morgan Wilson, University of Texas Health Science Center at Houston, MPH student program 3<sup>rd</sup> semester, Austin, TX, USA.

-Fall 2011, Megan Ross, University of Texas Health Science Center at Houston, MPH student program 3<sup>rd</sup> semester, Austin, TX, USA.

-Fall 2011, Huirong Zhu, University of Texas Health Science Center at Houston, PhD student program 1<sup>st</sup> semester in Biostatistics, Houston, TX, USA.

-Fall 2011 (1/2 time), Yang Yang, University of Texas Health Science Center at Houston, PhD student program 3<sup>rd</sup> semester in Biostatistics, Houston, TX, USA.

-Summer 2011, Kathleen Case, University of Texas Health Science Center at Houston, MPH student program 2<sup>nd</sup> semester, Austin, TX, USA.

-Fall 2011, Morgan Wilson, University of Texas Health Science Center at Houston, MPH student program 3<sup>rd</sup> semester, Austin, TX, USA.

-Spring 2011, Lin Huo, University of Texas Health Science Center at Houston, Student PhD program in Biostatistics, Houston, TX, USA.

-Spring 2011, Hyunsoo Hwang, University of Texas Health Science Center at Houston, M.S. student program 2<sup>nd</sup> semester in Biostatistics, Houston, TX, USA.

-Spring 2011, Chuan Hong, University of Texas Health Science Center at Houston, 2<sup>nd</sup> semester student PhD program in Biostatistics, Houston, TX, USA.

-Fall 2010, Linlin Li, University of Texas Health Science Center at Houston, Student PhD program in Epidemiology, Houston, TX, USA.

-Fall 2009, Lin Huo, University of Texas Health Science Center at Houston, Student PhD program in Biostatistics, Houston, TX, USA.

-Fall 2009, John Reilly, University of Texas Health Science Center at Houston, Student MPH program, Austin, TX, USA.

-Spring 2007, Lin Huo, University of Texas Health Science Center at Houston, Student PhD program in Biostatistics, Houston, TX, USA

-Fall 2005, Hong Zhang, University of Texas Health Science Center at Houston, Student PhD program in Biostatistics, Houston, TX, USA.

-Spring 2006, Kai Sun, University of Texas Health Science Center at Houston, Student PhD program in Biostatistics, Houston, TX, USA.

-Spring 2005, Beverly A. Shirkey, University of Texas Health Science Center at Houston, Student PhD program in Biostatistics, Houston, TX, USA.

Supervise a team of programmers and undergraduate students from 2002 until 2007 at the University of Texas Health Science Center at Houston, Brownsville Regional campus, TX, USA.

-2003-2005 Jose L. Arjona, Programmer, University of Texas at Brownsville, Brownsville, TX

-2006-2007 Sanju Varughese data entry, University of Texas at Brownsville, Brownsville, TX

-2005-2007 Gloria L. Sanchez, Programmer, University of Texas at Brownsville, Brownsville, TX

-2006-2007 Emmanuel Alejandro Santillana, University of Texas at Brownsville, Brownsville, TX

-2003-2007 Christopher P. Bradshaw, University of Texas at Brownsville, Brownsville, TX

-2003-2004 Juan Sandoval, University of Texas at Brownsville, Brownsville, TX

-2003-2004 Agustin Valdes, University of Texas at Brownsville, Brownsville, TX

-2003-2006 Roberto Eliezer Rivera, University of Texas at Brownsville, Brownsville, TX

-2004-2006 Obed Santillana University of Texas at Brownsville, Brownsville, TX

-2004-2006 Maria Luisa Fernandez, University of Texas at Brownsville, Brownsville, TX

-2004-2005 Jesus R. Torres, University of Texas at Brownsville, Brownsville, TX

-2007 Gabriela Ochoa, University of Texas at Brownsville, Brownsville, TX

- 2005-2006 David Gillis, University of Texas at Brownsville, Brownsville, TX
- 2003-2004 Daniel Govea, University of Texas at Brownsville, Brownsville, TX
- 2005 Jaime de Leon, University of Texas at Brownsville, Brownsville, TX
- 2006-2007 Pablo Sanchez, University of Texas at Brownsville, Brownsville, TX

Supervise a team of two master level statisticians and three statisticians from 1997 through 2001 at Javeriana University, Department of Clinical Epidemiology and Biostatistics, Bogotá, Colombia

- Jacky Fabian Gil, Universidad Nacional de Colombia, Bogotá, Colombia
