
Melissa Blythe Harrell, PhD MPH

UT Health, School of Public Health, Austin Campus

Department of Epidemiology, Human Genetics, and Environmental Sciences

1616 Guadalupe Street, Suite 6.300, Austin, Texas 78701

melissa.b.harrell@uth.tmc.edu; (512) 391-2526 (office); (512) 775-8212 (mobile)

PRESENT POSITION

Associate Professor

2013 – present

Department of Epidemiology, Human Genetics, and Environmental Sciences
UT Health, School of Public Health, Austin Campus

EDUCATION

Ph.D. Behavioral Epidemiology

1999 – 2003

University of Minnesota, School of Public Health

Minneapolis, MN

M.P.H. Community Health Education

1997 – 1999

University of Minnesota, School of Public Health

Minneapolis, MN

B.S. Biological Sciences

1987 – 1991

College of William and Mary

Williamsburg, VA

PREVIOUS POSITIONS

Assistant Professor

2006 – 2013

Department of Epidemiology, Human Genetics, and Environmental Sciences
UT Health, School of Public Health, Austin Campus

Assistant Professor

2006 – 2007

Division of Epidemiology and Community Health
University of Minnesota, School of Public Health

Project Director

2002 – 2007

Mobilizing Youth for Tobacco-Related Initiatives in India
University of Minnesota, School of Public Health

Research Fellow 2002 – 2006
Project Northland: Chicago Action for Healthy Youth
University of Minnesota, School of Public Health

Teaching Assistant 2001
Epidemiology II: Analysis Methods
University of Minnesota, School of Public Health

Research Assistant 2000 – 2001
Center for Excellence in Health Statistics
University of Minnesota, School of Public Health

Teaching Assistant 2000
Adolescent Health: Issues, Programs, and Policies
University of Minnesota, School of Public Health

Research Assistant 1999 – 2000
Institute for Best Practices in Adolescent Health
University of Minnesota, School of Medicine

Research Assistant 1998 – 2002
The Minnesota D.A.R.E. Plus Project
University of Minnesota, School of Public Health

Research Assistant 1997 – 2001
Project Northland II: Action to Reduce Youth Alcohol Use
University of Minnesota, School of Public Health

Research Assistant 1996 – 1997
Department of Internal Medicine
VCU, Medical College of Virginia

Research Assistant 1993 – 1996
Division of Experimental Pathology
VCU, Medical College of Virginia

Research Assistant 1991 – 1992
Divisions of Internal Medicine and Otolaryngology
University of Iowa Hospitals and Clinics

HONORS AND AWARDS

Associate Editor Tobacco Regulatory Science	2017-present
Senior Associate Editor Surgeon General's Report on E-cigarettes Centers for Disease Control and Prevention, Office on Smoking and Health	2015 - 2016
First runner-up McGovern Teaching Award UT Health, School of Public Health	2014
Co-Author 50th Anniversary Surgeon General's Report on Tobacco Use Centers for Disease Control and Prevention, Office on Smoking and Health	2012-2014
Inaugural Recipient "Grant Us Health" Award Dell Center for Healthy Living, School of Public Health, UT Health	2012
Senior Associate Editor Surgeon General's Report on Tobacco Use among Young People Centers for Disease Control and Prevention, Office on Smoking and Health	2008 – 2012
Member Editorial Board, ISRN Public Health International Scholarly Research Network	2011 – 2014
Recipient Inaugural Award for Mentoring UT Health, School of Public Health	2011
First runner-up McGovern Teaching Award UT Health, School of Public Health	2011
Finalist Louise Lown Heart Hero Award for Project MYTRI Procor, Promoting CVD Health in Low-Resource Settings	2010
Recipient Young Investigator's Award for Outstanding Research UT Health, Health Science Center	2009
Recipient Dean's Award for Excellence in Teaching UT Health, School of Public Health	2009
Nominee	2009

President's Award for Mentoring Women

UT Health, Health Science Center

Co-Chair Global Youth Meet on Tobacco Control (GYM) 14 th World Conference on Tobacco or Health	2009
Finalist Joseph E. Zins Purpose Award for Outstanding Young Researcher Collaborative for Academic, Social, and Emotional Learning	2009
Finalist Joseph E. Zins Purpose Award for Outstanding Young Researcher Collaborative for Academic, Social, and Emotional Learning	2007
Recipient Early Career Award for Outstanding Young Prevention Scientist Society for Prevention Research, Early Career Network	2005
Co-Recipient Douglas Leathar Award for Best Publication Health Education Research: Theory and Practice	2002
Recipient Lester Breslow Award for Excellent Scholarship University of Minnesota, School of Public Health	2001
Fellow Collaborative Evaluation Fellows Program American Cancer Society, Midwest Division	1999

RESEARCH ACTIVITIES

GRANTS

Research support – current [Note that dollars shown are direct costs only]

Surgeon General's Report on E-cigarettes among Young People

Senior Editor (Perry, PI) – CDC – Federal Contract – \$194,801 – 2015-2016

This contract provides support for the next Surgeon General's Report on Tobacco Use, which will focus on what we know (and don't know) about e-cigarette/ENDS use among youth and young adults. Our team serves as a Senior Editorial Board to help develop this Call to Action.

Tobacco Center of Regulatory Science on Youth and Young Adults (TCORS)

Assoc Director, Co-PI (Perry, PI) – NIH/FDA – 1 P50 DA036116-01 – \$15,688,011 – 2013 to 2018

The central focus of the Center is on research and training in tobacco regulatory science relevant to FDA's research priorities. It focuses on youth and young adults, the potential impact that tobacco marketing has on them, and methods to communicate tobacco risks.

TCORS – Development and Pilot Core

Co-Investigator (Wilkinson, PI) – NIH/FDA – 1 P50 DA036116-01 – 2013 to 2018

TCORS – Administrative and Scientific Core

Co-Investigator (Perry, PI) – NIH/FDA – 1 P50 DA036116-01 – 2013 to 2018

TCORS – The Texas Adolescent Tobacco and Marketing Surveillance Study (TATAMS)

Principal Investigator – NIH/FDA – R01 in 1 P50 DA036116-01 – \$2,455,689 – 2013 to 2018

Focusing on youth 12-17 years old, this study establishes a "rapid-response" surveillance system to investigate the onset, progression, and etiology of diverse tobacco use behaviors, and documents the impact of tobacco marketing at point-of-sale and in print publications.

TCORS – Marketing and Promotions among College Students in Texas (M-PACT)

Co-Investigator (Loukas, PI) – NIH/FDA – R01 in 1 P50 DA036116-01 – 2013 to 2018

Focused on young adults in college, this study also creates a "rapid-response" surveillance system to investigate the onset, progression, and etiology of diverse tobacco use behaviors, and documents the impact of tobacco marketing at point-of-sale and in print publications.

Preventing Tobacco Use Among Youth in Uruguay: Project ¡Actívate Ya!

Co-Principal Investigator – NIH/Fogarty – 1 R01 DA035157-01 – \$1,288,720 – 2012 to 2017

The goal of this study is to create and evaluate a multiple-component tobacco prevention and physical activity promotion intervention for adolescents in Montevideo, Uruguay (n=16 schools, n=3,200 adolescents). Capacity-building activities are included in the project, too.

Peers Against Tobacco

Principal Investigator – UT-Austin (through contract to DSHS) – \$441,220 – 2013-2016

The goal of this study is to create a computer-based tobacco prevention and cessation intervention for college students in Texas. This is one component of a multiple component project which will start with 16 colleges statewide and grow to cover many more in the state.

Research support – completed [Note that dollars shown are direct costs only]

Brain Power! PLUS: A Science-Based Preventive Intervention for 4th-5th Graders

Principal Investigator – Dell Center for Healthy Living – Pilot Grant – \$2,000 – 2012 to 2013

The purpose of this study is to collect pilot data in support of a future application to further develop and test the efficacy of a multiple-component, science-based drug prevention intervention for 4th and 5th graders called *Brain Power! PLUS* (n<200 youth, parents, teachers).

Preventing Tobacco Use Among Youth in Uruguay: Project ¡Actívate!

Principal Investigator – Dell Center for Healthy Living – Pilot Grant – \$2,000 – 2012

The purpose of this study is to collect pilot data in support of an application to develop and test the efficacy of a multiple-component intervention to prevent tobacco use and promote physical activity for 7th-8th graders in Uruguay (n=2 schools, n<200 youth, parents, teachers).

Connecting Media Use and the Development of Obesity Across Childhood

Co-Investigator (Vandewater, PI) – NIH/NICHHD – RO1 HD053652-01A1 – \$201,254 -- 2009 to 2012

The goal of this project is to estimate growth curves of media use, physical activity, and weight status from early childhood to adolescence, evaluate associations among them, and identify moderators of the association between media use, physical activity and obesity.

Advancing Cessation of Tobacco Use in Vulnerable Indian Youth

Principal Investigator – NIH/Fogarty – RO1 TW007933-01 – \$1,310,000 – 2007 to 2012

This study is a randomized controlled trial to develop and test the efficacy of a tobacco cessation/control intervention (ACTIVITY) for primarily out-of-school youth living in slums and resettlement colonies in Delhi, India (n=14 slum communities, n=8000 adolescents).

Surgeon General's Report: Preventing Tobacco Use Among Youth and Young Adults

Co-Principal Investigator – CDC/OSH – \$667,864 – 2008 to 2012

This contract supports the development of the 2012 Surgeon General's Report on Tobacco Use, which will focus on prevention tobacco use among young people. This report shall update the 1994 Report of the same name, with a more global perspective on tobacco use.

Efficacy of Varenicline for Smokeless Tobacco Use in India

Consultant (Robert Schnoll, PI) – NIH/NIDA – R21 – \$358,104 – 2009 to 2011

This study supported a clinical trial of the efficacy of varenicline, FDA-approved to reduce tobacco smoking, for smokeless tobacco use in India (n=237 smokeless tobacco user Delhi).

A Social Marketing Approach to Obesity Prevention in India

Principal Investigator – UT School of Public Health – PRIME – \$49,982 – 2007 to 2010

This study supported the development of a social marketing intervention to promote both healthy eating and physical activity behaviors among youth in Private schools in Delhi, India. A mixed-methods (quantitative-qualitative) approach to doing research was utilized.

Dissemination of CATCH to Travis County Elementary Schools

Co-Investigator (Hoelscher, PI) – Michael & Susan Dell Foundation – \$2,290,096 – 2007 to 2010

This study supported the dissemination of the CATCH program (Coordinated Approach To Children's Health), to elementary schools in Travis County, Texas (Austin, Texas).

Sprouting Healthy Communities

Co- Investigator (Evans, PI) – Michael & Susan Dell Foundation – \$95,894 – 2008 to 2009

This study was designed to test the efficacy of a school- and community-based intervention to promote the consumption of local, fresh fruit and vegetables by disadvantaged students.

A Community-Based Media Intervention for Mexican Americans

Co- Investigator (Reininger, PI) – NIH/NCMHD – RO1 – \$1,326,250 – 2008 to 2009

This study was a quasi-experimental study designed to test the efficacy of a community-based, obesity prevention intervention for disadvantaged Mexican Americans living along the US-Mexico border. It is part of a larger diabetes research initiative called EXPORT.

Measures of Dietary Intake and Physical Activity for Indian Youth

Co-Investigator (Sharma, PI) – UT Health, International Programs – \$5000 – 2007 to 2008

This study supported the development of new measures (surveys) of dietary intake and physical activity for secondary school students in India (n=2 schools and n=200 students). These surveys will be used to evaluate subsequent obesity prevention programs for youth.

The Epidemiology and Etiology of Obesity among Youth in India

Principal Investigator – U Minnesota, Obesity Prevention Center – \$10,000 – 2006 to 2007

This study was a cross-sectional survey designed to (a) estimate the prevalence of obesity and overweight in Indian youth; (b) elucidate behavioral factors related to high BMI; and (c) examine the association between “westernization” and these factors (n=1818 students).

Mobilizing Youth for Action Against Tobacco in India (MYTRI)

Project Director (Perry, PI) – NIH/Fogarty – \$1,297,820 – 2002 to 2008

This study was a randomized controlled trial to develop and test the efficacy of MYTRI, a school-based, multiple-component intervention to prevent and reduce tobacco use among 6th-9th grade students in Delhi and Chennai, India (n=32 schools and n=15,000 students).

An Adaptation of Project Northland for Urban Youth

Research Assistant (Komro, PI) – NIH/NIAAA – RO1 – \$7,611,150 – 2001 to 2007

This study was a randomized controlled trial to adapt and then test the efficacy of Project Northland, a community- and school-based intervention to prevent and reduce alcohol use among 6th-8th graders in low income Chicago schools (n=60 schools and n>5000 students).

The Minnesota D.A.R.E. Plus Project

Research Assistant (Perry, Co-PI) – NIH/NIDA – RO1 – \$2,694,217 – 1998 to 2003

This study was a randomized controlled trial to develop and test the efficacy of the junior high D.A.R.E. program supplemented with other intervention components, to reduce multiple drug use and violence among 6th-8th graders (n=24 schools and n>3000 students).

Project Northland II: Partnerships for Community Action

Research Assistant (Perry, PI) – NIH/NIAAA – RO1 – \$1,510,430 – 1995 to 1999

This study was a randomized controlled trial to extend and test the efficacy of Project Northland, a multiple-component community- and school-based intervention to reduce alcohol use among 10th-12th graders in rural Minnesota (n=24 schools, n>2500 students).

PRESENTATIONS

Invited Speaker at major meetings

2016

36. Flavors and tobacco use in youth, young adults, and adults: Findings from the Texas TCORS and GSU TCORS: *CECTR* Webinar
 35. Prevention of future chronic disease cost in adolescents
Texas Medical Association/Texas Public Health Coalition Austin, TX
 34. The appeal of flavors in human consumption: an alternative perspective
Tobacco Manufacturers Association 101st Annual Meeting Williamsburg, VA
 33. The impact and appeal of tobacco marketing at point-of-sale
Society for Research on Nicotine and Tobacco Annual Meeting Chicago, IL
 32. Advancing youth cigar use epidemiology: implications for FDA
Society for Research on Nicotine and Tobacco Annual Meeting Chicago, IL
-

2015

31. Introducing the Texas TCORS for Youth and Young Adults
Center for Evaluation and Coordination of Training and Research *Webinar*

2014

30. A new Center for Tobacco Regulatory Research in Texas
Public Health Foundation of India *Delhi, India*

2013

29. What can schools do to prevent tobacco use among youth?
Catolica University: Addressing the NCD epidemic in Uruguay *Montevideo, Uruguay*
28. A new Center for Tobacco Regulatory Research in Texas?
DSSH Tobacco Prevention and Control Coalition Program *Austin, TX*

2012

27. Findings from the 2012 Surgeon General's Report on Tobacco
Public Health Foundation of India (PHFI) *Delhi, India*
26. The emerging epidemic of obesity among youth in India
Public Health Foundation of India (PHFI) *Delhi, India*
25. Preventing tobacco use among secondary school students
Center for the Investigation of the Tobacco Epidemic (CIET) *Montevideo, Uruguay*
24. "Westernization" and obesity among young people in India
World Heart Federation, World Cardiology Congress *Dubai, UAE*
23. The 2012 Surgeon General's Report on Tobacco Use by Youth
Regional Coordinators, Department of State Health Services *Austin, TX*
22. Preventing smokeless tobacco use among youth in India
Workshop, NCI/Society for Research on Nicotine and Tobacco *Houston, TX*

2011

21. The epidemiology of tobacco use among youth in the US
Office on Smoking and Health, Centers for Disease Control and Prevention *Atlanta, GA*

2009

20. What can schools do to prevent tobacco use among youth?
International Conference on Tobacco Control – Spain and Portugal *Braga, Portugal*
19. Global Youth Against Tobacco (GYAT): A global perspective
1st Global Youth Meet on Health (GYM) for Youth for Health (Y4H) *Mumbai, India*
18. Action plans for tobacco control: Youth from the Americas
2nd Global Youth Meet on Health (GYM) – Tobacco control for youth *Mumbai, India*
17. Welcome Address to the 2009 Global Youth Meet on Tobacco
2nd Global Youth Meet on Health (GYM) – Tobacco control for youth *Mumbai, India*

2008

16. Words of wisdom from past 'Early Career Award' winners
Early Career Prevention Network, Society for Prevention Research *San Francisco, CA*
15. Projects MYTRI and ACTIVITY: Youth tobacco prevention in India
Division of Epidemiology and Disease Control (now EGHEs), UTSPH *Houston, TX*
- 2007**
14. Delivery strategies for adolescent school health: Project MYTRI
Public Health Foundation of India (PHFI) / MacArthur Foundation *Delhi, India*
13. Preventing tobacco use among youth in India: Project MYTRI
Division of Health Promotion and Behavioral Sciences, UTSPH *Houston, TX*
- 2006**
12. Developing home-based interventions to improve nutrition
1st Global Youth Meet on Health (GYM) for Youth for Health (Y4H) *Agra, India*
11. Assertiveness skills training for young health advocates
1st Global Youth Meet on Health (GYM) for Youth for Health (Y4H) *Agra, India*
10. Obesity and tobacco use among youth in urban India
Division of Epidemiology, School of Public Health, U of Minnesota *Minneapolis, MN*
9. Conducting statistical analyses with SAS statistical software
Health-Related Information Dissemination Amongst Youth (HRIDAY) *Delhi, India*
- 2005**
8. Will Western models of intervention work in India? Project MYTRI
Early Career Prevention Network, Society for Prevention Research *Washington, DC*
7. A mediation analysis of an HIV/AIDS education program
Muhimbili College of Health Sciences, University of Dar Es Salaam *Dar, Tanzania*
6. How to design effective intervention programs for young people
Health-Related Information Dissemination Amongst Youth (HRIDAY) *Delhi, India*
- 2003**
5. How to develop and test valid and reliable survey instruments
Health-Related Information Dissemination Amongst Youth (HRIDAY) *Delhi, India*
4. Conducting mediation analyses to show how interventions work
All India Institute of Medical Sciences, Dept of Preventive Cardiology *Delhi, India*
3. A multi-component approach to youth alcohol use prevention
Office of the President, The Presidential Expo, University of Minnesota *Minneapolis, MN*
- 2000**
2. National Mentoring Program in Public Health Orientation
Public Health Student Caucus, American Public Health Association *Boston, MA*
- 1999**
-

TEACHING ACTIVITIES

COURSES

Instructor – UTSPH

2016 - 2017

PH5025	Tobacco Regulatory Science <i>Co-Instructor; 50% effort</i>	ITV	Fall, 2016
PH2610	Fundamentals of Epidemiology <i>Lead-Instructor; 100% effort</i>	Hybrid/ITV	Fall, 2016

2015 - 2016

PH1498	Tobacco Regulatory Science <i>Co-Instructor; 50% effort</i>	ITV	Fall, 2015
PH2610	Fundamentals of Epidemiology <i>Lead-Instructor; 100% effort</i>	Hybrid/ITV	Fall, 2015

2014 - 2015

PH1498	Tobacco Regulatory Science <i>Co-Instructor; 50% effort</i>	ITV	Fall, 2014
PH2610	Fundamentals of Epidemiology <i>Lead-Instructor; 50% effort</i>	Hybrid/ITV	Fall, 2014

2013 - 2014

PH2711	Epidemiology IV <i>Lead-Instructor; 100% effort</i>	ITV	Fall, 2013
PH2610	Fundamentals of Epidemiology <i>Lead-Instructor; 50% effort</i>	Hybrid/ITV	Fall, 2013

2012 - 2013

PH2711	Epidemiology IV <i>Lead-Instructor; 100% effort</i>	ITV	Fall, 2012
--------	--	-----	------------

PH2610	Fundamentals of Epidemiology <i>Lead-Instructor; 50% effort</i>	Hybrid/ITV	Fall, 2012
--------	--	------------	------------

2011 - 2012

PH2610	Epidemiology IV <i>Lead Instructor; 100% effort</i>	ITV	Fall, 2012
--------	--	-----	------------

PH2610	Fundamentals of Epidemiology <i>Lead Instructor; 70% effort</i>	ITV	Fall, 2012
--------	--	-----	------------

PH2610	Epidemiology IV <i>Co-Instructor; 20% effort</i>	ITV	Spring, 2012
--------	---	-----	--------------

PH2610	Fundamentals of Epidemiology <i>Lead Instructor; 70% effort</i>	On-line	Spring, 2012
--------	--	---------	--------------

PH2610	Fundamentals of Epidemiology <i>Lead Instructor; 50% effort</i>	Hybrid/ITV	Fall, 2011
--------	--	------------	------------

2010 - 2011

PH2610	Fundamentals of Epidemiology <i>Lead Instructor; 70% effort</i>	On-line	Spring, 2011
--------	--	---------	--------------

PH2610	Fundamentals of Epidemiology <i>Lead Instructor; 50% effort</i>	Hybrid/ITV	Fall, 2010
--------	--	------------	------------

2009 - 2010

PH2610	Fundamentals of Epidemiology <i>Lead Instructor; 70% effort</i>	On-line	Spring, 2010
--------	--	---------	--------------

PH2610	Fundamentals of Epidemiology <i>Lead Instructor; 50% effort</i>	Hybrid/ITV	Fall, 2009
--------	--	------------	------------

2008 - 2009
