Southwest Center for Occupational
and Environmental Health

*The traineeship is offered by the
Southwest Center for Occupational
and Environmental Health
(SWCOEH) with NIOSH-funded
Education and Research Center
(ERC) training grant
T42OH008421.*

Total Worker Health[®] Traineeship

Total Worker Health[®] focuses on policies, programs and practices integrating protection from work-related safety and health hazards with promotion of injury and illness prevention efforts to advance worker well-being.

After completing the traineeship, students will be able to conduct research that characterizes worker well-being, as well as implement policies and practices that improve workers' health.

Benefits of traineeship:

- Participate in SWCOEH sponsored activities
- Mentoring by an expert academic advisor
- 12-month stipend
- Health insurance
- Tuition and fees
- Travel funds for meetings
- Additional half-time graduate student employment permitted with approval from the program director
- Opportunities for interdisciplinary field experiences
- Dedicated office space and computer access

Eligibility:

- U.S. citizens or permanent residents
- Doctoral students (PhD in environmental sciences) from the El Paso, Houston and San Antonio campuses

Application requirements:

- Current CV
- Statement of research interest (2 pages)
- Transcript

For more information and/or to apply, please email David Gimeno, PhD, professor in the Department of Epidemiology, Human Genetics and Environmental Sciences, at David.Gimeno@uth.tmc.edu.
